SUMMARY

Founder and builder who shipped an **AI job-matching platform** zero-to-one and validated it with real users. Wrote the PRD and scoped the MVP himself instead of relying on a deck, then founded **PriceKeel**, a decision-integrity layer for B2B SaaS deal pricing running pilots and raising its first round. Works as Strategic Marketing III at Applied Materials, automating repetitive analysis with **Claude AI agents**, and has carried P&L and revenue targets at Sensata ($700K+ margin recovered in 2 quarters) and Pixis (hired and managed an 8-person team across 8 client accounts, cut churn 50%).

SKILLS

EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Founded and runs **PriceKeel** end-to-end, comfortable with ambiguity: scoped a guardrail engine for B2B SaaS deal pricing from a blank page, then took it from concept to execution.
- Takes **independent calls on what to build next**, running pilots with early customers to validate the guardrail logic against their own closed-won and closed-lost deals.
- Owns **investor relations and fundraising** for the first round, having built the CRM, CPQ and deal-approval process from zero.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Automates repetitive analysis work with **AI agents built on Claude**, redesigning a manual workflow end-to-end instead of running it by hand every cycle.
- Owns **semiconductor market sizing** end-to-end, turning Sales, Engineering and Accounts input into one recommendation without waiting on a steering committee.
- Builds **competitive, value-based pricing models** and forecasts market inflection points before the market moves.
- Carries **P&L and revenue targets** and runs the OKR cadence, reviewing measurable outcomes weekly and quarterly to decide what scales, changes or stops.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Took full ownership of the **Bleeders and Leakers program**, turning a vague margin mandate into a $433M shortlist across 3 regions and 20 product lines.
- Negotiated **$700K+ in margin in 2 quarters**, directly on competitive gaps and customer willingness to pay.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution, a call made and executed independently.
- Shaped **AP26 revenue models** and site-transition strategy directly with senior executives, running OKRs and leadership decks across weekly and quarterly reviews; promoted from Product & Growth Marketing in 10 months.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe end-to-end (positioning, pricing, channel, launch), driving $2M+ in first-year revenue.
- Defined and executed the **product roadmap** across 3 regions, managing a 100+ feature backlog with Engineering in Agile and deciding what shipped each sprint.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Hired and managed **marketing team members**, then built and owned the plans and forecasts presented to the leadership team for budget approval.
- Owned **$100K/month in marketing budgets** across multiple business units, reallocating spend based on measured performance rather than a fixed plan.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Hired and managed an **8-person team owning 8 client accounts** (retail media, iOS app UA), carrying P&L targets across the portfolio.
- Cut **client churn 50%** by building the partner and channel strategy acquisition alone could not fix.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Acted as the main **liaison across regional marketing, localization and analytics teams** for D2C e-commerce brands.

PROJECTS

SwipeHire

- Built an **AI job-matching platform** (Python, OpenAI API, React) zero-to-one: wrote the PRD, scoped the MVP, and shipped auto-tailored resumes, not a slide deck.
- Ran **12+ user interviews and 8+ A/B tests** to validate the idea quickly with real users, onboarding 50+ early users and lifting activation 25%.

Safran Market Sizing & GTM (Simon Vision Consulting)

- Led a **5-consultant team** from TAM/SAM/SOM (170 facilities to a SAM of 28) to a recommendation presented to Safran leadership.
