SUMMARY

Growth marketer who **cut CPA 25%** running paid and lifecycle programs personally, not from an agency brief. At Plug Power that meant $100K/month budgets across Google, Microsoft and Meta, automating the WordPress-to-Pardot lead flow for a 50% drop in cost per lead; at Pixis it meant setting channel mix office by office across an 8-client, $15K-$90K/month portfolio for a 50% cut in churn and 3x ROAS in a month. Ships with AI agents built on Claude at Applied Materials and built an AI product zero to one end to end (SwipeHire). Ready to own first-touch response rate across fax, email and secure message for Develop Health's provider offices, picking up the healthcare domain, prior authorization, benefit verification and medication access quickly, and supporting top-of-funnel outreach to pharmacy and pharma partners so patients reach their prescriptions faster.

EXPERIENCE

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Automates **forecasting and reporting** with AI agents built on Claude, producing finished analysis personally instead of a dashboard someone else has to interpret, the same ship-it-yourself model this role runs on.
- Sizes **market opportunity** and builds value-based forecasting models across multiple product groups, carrying P&L targets and reporting through weekly OKR reviews.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **email and paid launch sequences** for new sensing products across North America and Europe end to end, personally writing copy and timing, generating +35% qualified leads tied to pipeline handoff.
- Mapped **response and adoption signals in SQL and GA4** across 50K+ connected devices to see which segments acted before changing message or channel, lifting feature adoption 18%.
- Ran **30+ customer interviews** to find what made a technical buyer respond, then rewrote positioning into value language that lifted conversion 15% on priority launches.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Drove **+12% YoY revenue** through price realignment built on competitive benchmarking across 10+ players, the same decompose-the-number-before-acting discipline a response-rate target runs on.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Owned **multi-channel budgets of $100K/month** across business units, personally running Google Ads, Microsoft Ads, Meta and LinkedIn with no agency in between.
- Ran **15+ A/B tests** by channel and audience on landing pages, creative and bid strategy, reading results and killing or scaling what the numbers supported, cutting CPA 25%.
- Automated the **WordPress-to-Pardot lead flow** end to end, cutting cost per lead 50% and turning the first-touch sequence into a repeatable playbook instead of a manual one-off.
- Built the **closed-loop MarTech stack** (Salesforce, Adobe Analytics, GA, Google Tag Manager) so every response traced back to the touch that earned it, not just a platform-reported number.
- Raised **organic search visibility 35%** by closing keyword-strategy gaps and building partnerships that made the brand recognizable before the first direct outreach landed.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Hired and managed an **8-person team** running 8 client accounts with per-client budgets of $15K-$90K/month, deciding channel mix by client type and scaling only what the response data supported.
- Cut **client churn 50%** through proactive account strategy, adding new channels (retail media, non-English market PPC) whenever a single channel stalled instead of just raising spend.
- Delivered **3x ROAS in one month** for a D2C brand via full-funnel restructuring, shopping feed, bidding, creative and the landing page itself, producing the fix personally rather than briefing an agency.
- Read **Amplitude and Tableau** signal across 30+ campaigns before touching spend, running a message x audience x format testing cadence that lifted ROAS 40%.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Rebuilt **Google Merchant Center and Meta catalog feeds** for D2C brands, delivering 16x ROAS, and ran SEO site audits so organic was the first channel a prospect saw.

PROJECTS

SwipeHire

- Built an **AI job-matching platform** (Python, OpenAI API, React) zero to one, personally shipping auto-tailored resumes and eligibility-aware matching without a review committee; ran 8+ A/B tests that lifted activation 25%.
