SUMMARY

Commercial strategist and pricing founder who builds the case for offers with no existing pricing precedent. Founded PriceKeel, a decision-integrity layer for B2B SaaS deal pricing now in pilots, modeled from each company's own closed-won and closed-lost deals instead of a market benchmark. Recovered $700K+ in margin in 2 quarters and raised distributor margins from 53% to 61% at Sensata by building the model, taking a position on it, and handing Deal Desk a rule it could run with. EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Designed **the audit trail** Finance can actually use on a discount exception, selling to RevOps, Sales leadership and Finance against legacy CPQ and deal-desk tooling.
- Running **CRM and CPQ setup, forecast and pipeline reviews, deal approvals, and pilots** with early customers while raising the company's first round.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Maintains **forecasting and market-sizing models** across multiple product groups, turning field and technical input from Sales, Engineering and Accounts into one view.
- Automated **repetitive pricing analysis** with AI agents built on Claude, freeing time for the commercial thesis work behind each recommendation.

- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters once the evidence called for a new discount structure, not the old one.
- Built the **FY2026 Bleeders & Leakers Power BI dashboard** (1,200 opportunities, $627M target), surfacing $433M in margin gaps and briefing senior executives on AP26 revenue models and multimillion-dollar customer quotes, driving +12% YoY revenue and +8% market share.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025
