SUMMARY

Product marketer who built the **enterprise GTM playbook** behind Sensata's new sensing-product launch, $2M+ first-year revenue and +35% qualified leads. Also built the sales-enablement system that lifted 50+ reps' win rates 30%, and translates deeply technical capabilities, sensor specs, production data, pricing models, into narratives that land with engineering leadership and executive buyers, backed by 30+ voice-of-customer interviews and competitive benchmarking across 10+ players. Now Strategic Marketing III at Applied Materials, automating competitive and market analysis with AI agents built on Claude; shipped an AI job-matching platform's positioning and GTM from zero. MS in Marketing Analytics from Simon Business School.

EXPERIENCE

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Translates **technical semiconductor-market data** into one go-to-market view by partnering directly with Sales, Engineering and Accounts, the same practitioner-to-executive translation an enterprise PMM runs on.
- Builds **value-based pricing** for a fast-growing technical market, forecasting demand inflection points so positioning and pricing move together instead of pricing trailing the narrative.
- Automates recurring **competitive and market analysis** with AI agents built on Claude, freeing time for content and launch work; carries P&L and revenue targets for the role.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned the **enterprise GTM playbook** (positioning, pricing, channel, launch) for new sensing products across North America and Europe, translating engineering capability into a buyer narrative that drove $2M+ first-year revenue.
- Built the **positioning and messaging** that turned deep technical sensor specs into value propositions distributor and OEM engineering leads could act on, lifting conversion 15% on priority launches.
- Armed 50+ reps with **sales-enablement content**, competitive battlecards and case studies for live launches, improving win rates 30%.
- Ran 30+ structured **voice-of-customer interviews** with OEMs and distributors to pressure-test messaging before launch, raising CSAT 22%.
- Tracked **competitor positioning and market share** across EMEA and the US, feeding findings straight into messaging and launch decisions.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Drove **+12% YoY revenue and +8% market share** through price-realignment decisions built on competitive benchmarking across 10+ key players.
- Closed **multimillion-dollar customer quotes** alongside senior executives, translating competitive and customer insight directly into deal-level pricing decisions.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Owned **$100K/month marketing budgets** across multiple business units, building plans and forecasts leadership approved.
- Fed **customer research** directly into campaign and channel decisions, lifting conversion 20% and cutting CPA 15%, the same marketing-to-GTM handoff a growth-marketing partnership runs on.
- Raised **organic search visibility 35%** by closing keyword-strategy gaps and building SEO partnerships.

Customer Success, Pixis (AI Platform) Jul 2021 - Sep 2022

- Cut **client churn 50%** across an 8-client e-commerce and D2C portfolio through proactive account strategy and vertical playbooks.
- Kept **enterprise case studies** and sales materials current across an 8-client book, supporting a 20% lift in sales team performance.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Delivered **16x ROAS** for D2C e-commerce brands by rebuilding Google Merchant Center and Meta catalog feeds.
- Liaised across **regional marketing, localization and analytics** teams, turning market research into go-to-market input.

PROJECTS

SwipeHire

- Built an **AI job-matching platform** zero-to-one (Python, OpenAI API, React), owning positioning, messaging and GTM strategy end-to-end with no playbook to inherit, the same ambiguity-first mode a category-defining agentic AI launch runs on.
- Ran **competitor teardowns** (Jobright and others) to define ICP and positioning, then modeled 3 subscription pricing tiers from willingness-to-pay research.
- Shipped the **GTM analytics stack** (GA4, GTM, funnel dashboards) and ran 8+ A/B tests and 12+ user interviews, lifting activation 25% across the platform's first 50+ users.
