EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Founded **PriceKeel**, a decision-integrity layer for B2B SaaS deal pricing, running the forecast and pipeline review cadence a GTM Strategy and Operations seat owns for its sales leaders.
- Set up and runs the company's **CRM and CPQ configuration**, the same Salesforce and GTM-stack ownership this role asks for to keep data integrity and reporting pace with the business.
- Built the **audit trail** that gives investors and pilot customers an explainable record behind every pricing decision, the same operating-cadence discipline a weekly pipeline review depends on.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Builds **forecasting models across multiple product groups**, partnering with Sales, Engineering and Accounts to turn field input into one defensible number for leadership, the forecast cadence a GTM Strategy and Operations Lead runs with AMER sales leaders.
- Automates recurring forecasting and pricing analysis with **AI agents built on Claude**, the same instinct this role asks for in finding novel ways to use Factory droids to automate reporting and analysis work.
- Carries **P&L and revenue targets** while building leadership decks and running OKRs with weekly and quarterly business reviews, the same cadence infrastructure that creates accountability across a segment.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Built the **FY2026 Bleeders and Leakers Power BI dashboard**, tracking 1,200 pricing opportunities against a $627M target across 3 regions, 4 product families and 20 product lines, the same regional and segment-level pipeline visibility a GTM Strategy and Operations Lead builds for AMER leadership.
- Scored **win rate, $/win and pipeline-stage distribution** by salesperson and product line, surfacing $433M in margin gaps for leadership to prioritize, the same metric framework that separates top performers from the rest of a segment.
- Recovered **$700K+ in margin in 2 quarters** leading the Bleeders and Leakers program, pressure-testing deal economics the same way a forecast call pressure-tests a quarter's number.
- Redesigned channel economics that raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters, the same quota-and-incentive mechanics work that keeps territory targets defensible to reps.
- Modeled **AP26 revenue scenarios and multimillion-dollar customer quotes** alongside senior executives, then drove +12% YoY revenue and +8% market share through competitive benchmarking across 10+ players, the operating-model rigor this role uses to quantify GTM trade-offs.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe, driving $2M+ first-year revenue and building the sales enablement that lifted rep win rates 30%, the same segment-execution ownership a GTM Strategy and Operations Lead drives alongside Enterprise and Mid-Market leadership.
- Defined and executed the **product roadmap** for sensor solutions, managing a 100+ feature backlog with Engineering in Agile, the cross-functional project management this role runs across Sales, Marketing, Engineering and Product.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Presented **marketing budgets of $100K/month** across multiple business units to leadership for approval, building the forecasts and operating plans behind every number, the same forecast-cadence discipline a segment lead runs with sales leadership.

- Carried **P&L and revenue targets** managing an 8-person team across 8 client accounts with per-client budgets of $15K-$90K/month, the same segment-ownership scope this role carries across Enterprise, Mid-Market and BDR territories.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021
