SUMMARY

Technical product marketer who **turns a data team's real workflow into messaging a data architect and a CFO both act on**. Built SQL + GA4 KPI frameworks on 50K+ connected industrial devices, wrote positioning that lifted launch conversion 15%, and built competitive teardowns and sales enablement that lifted win rates 30% selling to OEM and distributor engineers. Automates recurring technical analysis with AI agents built on Claude as Strategic Marketing III at Applied Materials, and shipped an AI product zero-to-one on the OpenAI API (SwipeHire), the same agentic reasoning WisdomAI puts in front of data teams. MS in Marketing Analytics, Simon Business School.

EXPERIENCE

Strategic Marketing III, Applied Materials Jun 2026 - Present

- **Translate deeply technical, engineering-driven data into one narrative**, partnering with Sales, Engineering and Accounts to size the semiconductor equipment market for leadership.
- **Write competitive, value-based pricing narratives** for a fast-moving, highly technical market, forecasting its inflection points so the story keeps pace with demand.
- **Automate recurring technical analysis with AI agents built on Claude**, the same class of agentic reasoning WisdomAI puts in front of analytics leaders and data teams, cutting manual work out of the reporting loop.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- **Owned end-to-end GTM for a new, deeply technical sensing line** across North America and Europe (positioning, launch, channel), closing the year at $2M+ revenue.
- **Built KPI frameworks in SQL and GA4** on 50K+ connected industrial devices, identifying high-intent cohorts and adoption signals that lifted feature adoption 18%.
- **Wrote the positioning and messaging** that turned complex sensor engineering into a narrative both engineers and commercial buyers acted on, lifting conversion 15% on priority launches.
- **Ran 30+ interviews with OEM and distributor engineers** to map workflows and pain points before writing a word of positioning, the same technical-buyer research loop behind a durable messaging hierarchy.
- **Equipped 50+ reps with sales/GTM enablement** (battlecards, objection handling), lifting win rates 30% in technical evaluations.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- **Shaped multimillion-dollar customer quotes and revenue narratives** directly with senior executives, turning technical specs into language a buyer could sign.
- **Drove +12% YoY revenue and +8% market share** via price realignment built on competitive benchmarking against 10+ players, the same architecture-and-outcome read behind a "why us vs. them" narrative.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- **Owned $100K/month multi-channel budgets** across multiple business units, testing new paid and organic channels and cutting CPA 25%.
- **Drove customer research** that lifted conversion 20% and cut CPA 15%, the qualitative-plus-quantitative loop behind sharp audience and persona insight.
- **Raised organic search visibility 35%** by closing keyword-strategy gaps, then automated the Mar-Tech stack for closed-loop reporting.

Customer Success, Pixis (AI Platform) Jul 2021 - Sep 2022

- **Carried P&L and revenue targets for an 8-client, $15K-$90K/month portfolio** at an AI marketing platform, cutting client churn 50% through account strategy and vertical playbooks.
- **Used Amplitude and Tableau** on user behavior across 30+ campaigns, lifting campaign ROAS 40% and keeping enterprise case studies current for sales.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- **Delivered 16x ROAS** for D2C e-commerce brands by rebuilding Google Merchant Center and Meta catalog feeds, and audited databases to lift data accessibility 30%.

PROJECTS

SwipeHire

- **Shipped an LLM-based job-matching platform zero-to-one** (Python, OpenAI API, React): wrote the PRD, scoped the MVP, and auto-tailored resumes for 50+ early users.
- **Led competitive teardowns against Jobright and others**, modeled 3 subscription pricing tiers from willingness-to-pay signals, and ran 8+ A/B tests and 12+ interviews that lifted activation 25%.
