EXPERIENCE

Founder & CEO, PriceKeel

- Founded **PriceKeel**, a decision-integrity layer for B2B SaaS deal pricing that reviews a live discount exception and recommends an explainable pricing-strategy guardrail learned from each company's own closed-won and closed-lost deals.
- Built the **audit trail** that gives Finance and deal-desk teams evidence for every discount call, and run the company's CRM/CPQ, forecast and pipeline reviews and deal approvals end to end.
- Running pilots** with early B2B customers and raising the company's first round, turning Sales-versus-Finance pricing disputes into one governed, cross-functional process.

Strategic Marketing III, Applied Materials

Jun 2026 - Present

- Build **competitive, value-based pricing** for a fast-growing, highly technical semiconductor equipment market, running the financial modeling that keeps pricing ahead of demand inflection points.
- Partner with Sales, Engineering and Accounts** to turn field and technical input into one pricing strategy across multiple product groups, carrying P&L and revenue targets for the role.
- Automated repetitive pricing analysis with **AI agents built on Claude**, cutting manual work out of recurring financial modeling so more time goes to the actual pricing decision.
