SUMMARY

Builds the **operating system** behind cross-functional teams: headcount models, capacity plans and the leadership cadence that runs on them. Founded PriceKeel's strategy and operations function from zero, standing up its CRM, CPQ, deal-approval workflow and Finance audit trail, and sells directly into RevOps, Sales leadership and Finance. At Sensata, became the trusted planning voice for senior executives on AP26 revenue models and site-transition strategy, then built a BU-wide Power BI price model flagging where a change could lift profitability more than 50%. Automates recurring analysis with Claude AI agents as Strategic Marketing III at Applied Materials, where OKR cadence and leadership decks run weekly and quarterly. Range spans pricing, product, growth and customer success, the generalist base this seat is built to specialize from.

EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Founded PriceKeel's **operations function** from the ground up: CRM, CPQ, quote-to-approval workflow and a Finance audit trail, run end to end before handing any of it to a hire.
- Sells the system directly into **RevOps, Sales leadership and Finance**, running pilots and raising the company's first round while refining the guardrail engine behind it.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Builds **capacity and forecasting models** across multiple product groups, projecting demand inflection points so coverage plans keep pace as the business scales.
- Automates repetitive analysis with **AI agents built on Claude**, turning a weekly manual pull into a flagged-exception review.
- Runs the **OKR cadence** with weekly and quarterly business reviews, building leadership decks and carrying P&L and revenue targets across the role.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Became the trusted planning voice for **senior executives** on AP26 revenue models and site-transition strategy inside BU leadership reviews.
- Built a **BU-wide Power BI price model** flagging line items where a change could lift profitability more than 50%, used by regional leads to prioritize action.
- Recovered **$700K+ in margin in 2 quarters** leading the Bleeders and Leakers program, building the business case deal by deal from competitive gaps and customer willingness to pay.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Defined and executed the **product roadmap** for sensor solutions across automotive and industrial segments, managing a 100+ feature backlog with engineering in Agile across 3 regions.
- Owned **GTM for new sensing products** across North America and Europe (positioning, pricing, channel, launch), driving $2M+ first-year revenue.
- Built **sales enablement materials** (decks, case studies) for 50+ reps, improving win rates 30% as the field's single source of positioning truth.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Hired and managed a **marketing team**, building leadership decks and running OKRs with weekly and quarterly business reviews.
- Presented **$100K/month marketing budgets** to leadership for approval, building the plans and forecasts behind them across multiple business units.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Hired and managed an **8-person team** running 8 client accounts with per-client budgets of $15K-$90K/month, carrying P&L and revenue targets across the portfolio.
- Reported recommendations to **senior management** and fed voice of customer back to Product, running OKRs with weekly and quarterly business reviews.
- Delivered **3x ROAS in one month** for a flagship account through a full-funnel restructuring, the kind of fast diagnostic a new function needs first.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Turned **database audits** into dashboards that improved data accessibility 30%, while liaising between regional marketing, localization and analytics teams.

PROJECTS

SwipeHire

- Shipped an **AI job-matching platform** (Python, OpenAI API, React) zero-to-one, hiring and managing the team, writing the PRD and scoping the MVP; built board decks and ran OKRs with weekly and quarterly reviews.
