EXPERIENCE

Strategic Marketing III, Applied Materials

Jun 2026 - Present

- Partner with **Sales, Engineering and Accounts** to size the semiconductor market, turning technical and field input into **one industry-specific view** that speeds adoption among non-technical stakeholders.
- Build **competitive, value-based pricing and forecasting models** across multiple product groups, translating deep technical capabilities into the kind of practical business narrative an operational or C-suite buyer needs.
- Automate repetitive research and analysis with **AI agents built on Claude**, carrying **P&L and revenue targets** for the role while keeping the narrative consistent across global markets.

Product & Growth Marketing, Sensata Technologies

Sep 2024 - Jun 2025

- Owned **GTM programs and operating rhythms end to end** for new sensing products across North America and Europe in a fast-moving, undefined launch window, driving **\$2M+ first-year revenue**.
- Wrote **industry-specific positioning, narratives and messaging** that translated sensor-level technical capabilities into clear value for industrial and automotive buyers, lifting conversion **15%** on priority launches and speeding adoption.
- Ran **30+ customer interviews** with OEMs and distributors to gather field signal and usage data that sharpened strategy and found real pain points; insights raised CSAT **22%**.
- Used **competitive context and purchasing-pattern analysis** across EMEA and the US to prioritize where marketing investment should go next.
- Built **field playbooks and enablement assets** (decks, case studies, reusable templates) for **50+ reps**, coaching account teams on how to use them and improving win rates **30%**.

Pricing Lead, Sensata Technologies

Jul 2025 - May 2026

- Drove **+12% YoY revenue and +8% market share** through price realignment benchmarked against **10+ competitors**, a program run with the same operating rhythm (weekly and quarterly reviews) as the field enablement work above.
- Recovered **\$700K+ in margin in 2 quarters** via the Bleeders and Leakers program, translating competitive-gap and willingness-to-pay research into customer-facing narratives Sales could use directly.
- Shaped **multimillion-dollar customer quotes and AP26 revenue models** directly alongside senior executives, reporting program effectiveness up to leadership each quarter.

Digital Marketing Manager, Plug Power

Oct 2022 - Jul 2023

- Automated the **Mar-Tech stack** (Salesforce, Adobe Analytics, GA, Google Tag Manager) into closed-loop reporting, a reusable program-effectiveness process that tied every campaign to pipeline outcomes.
- Led **customer research** that drove a **20% increase in conversion** and a **15% reduction in CPA**, feeding directly into the next quarter's narrative and channel choices.
- Raised **organic search visibility 35%** by closing keyword-strategy gaps and building partnerships that supported broader program strategy.

Customer Success Manager, Pixis (AI Platform)

Jul 2021 - Sep 2022

- Cut client churn 50%** through proactive account strategy and vertical playbooks across an 8-client, \$15K-\$90K/month portfolio, coaching an 8-person team on consistent field execution.
- Kept **enterprise case studies and sales materials** current, supporting a **20% improvement in sales team performance** and feeding customer evidence back to product.

Senior Digital Marketing Analyst, GenY Medium

Jan 2020 - Jun 2021

- Delivered **16x ROAS** for D2C e-commerce brands by rebuilding Google Merchant Center and Meta catalog feeds.
- Acted as the **main liaison** between regional marketing managers, localization and analytics teams on narrative consistency across markets.

PROJECTS

SwipeHire

- Built an **AI job-matching platform on the OpenAI API** (Python, React) zero-to-one: scoped the MVP, shipped auto-tailored resumes and eligibility-based role matching, and onboarded 50+ early users.
- Crafted **competitor teardowns and positioning** against Jobbright and others, modeled subscription pricing from willingness-to-pay signals, and ran 12+ user interviews that lifted activation 25%.
