SUMMARY

Product marketer who architects **end-to-end GTM launches**: narrative, launch tiering and cross-functional workbacks for a sensing-product line that drove $2M+ first-year revenue. Builds the **sales-enablement system** underneath it, battlecards, decks and launch training for 50+ reps, lifting win rates 30%, and runs **competitive intelligence and win/loss review** as a standing discipline: 30+ structured interviews shaped a 15% conversion lift, and benchmarking across 10+ players fed pricing and packaging recommendations behind a 12% YoY realignment. Both roles sat inside compliance-driven, regulated buyer markets (semiconductor, industrial OEM). Now Strategic Marketing III at Applied Materials, automating competitive and market analysis with **AI agents built on Claude** instead of a PMM function's recurring manual reporting; MS in Marketing Analytics from Simon Business School.

EXPERIENCE

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Sizes the **regulated semiconductor market** with Sales, Engineering and Accounts, turning technical and field input into one market view that informs positioning.
- Builds **competitive, value-based pricing and packaging inputs**, forecasting inflection points across multiple product groups so recommendations stay ahead of demand.
- Automates recurring **competitive and market analysis with AI agents built on Claude**, carrying P&L and revenue targets for the role.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Architected **end-to-end GTM launches** (narrative, launch tiering, cross-functional workbacks, sales-facing motions) for new sensing products across North America and Europe, driving $2M+ first-year revenue.
- Built **sales-enablement assets**, battlecards, decks, one-pagers and rep training, for 50+ reps, lifting win rates 30%.
- Ran 30+ structured **win/loss interviews** with OEMs and distributors to pressure-test messaging pre-launch and feed post-launch retrospectives, raising CSAT 22%.
- Developed **positioning and in-product messaging** that turned technical sensor capabilities into buyer value for compliance-driven industrial and automotive customers, lifting conversion 15%.
- Produced **competitive briefs** from ongoing EMEA/US competitor tracking, feeding launch-tier decisions and the GTM playbook.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Turned **competitive benchmarking across 10+ players** into pricing and packaging recommendations that drove +12% YoY revenue and +8% market share through launch-aligned realignment.
- Closed **multimillion-dollar customer quotes** alongside senior executives, translating win/loss patterns and competitive intelligence into deal-level positioning.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Owned **$100K/month marketing budgets** across multiple business units, building plans and KPI frameworks that leadership approved.
- Turned **customer research** into fast messaging and channel changes, lifting conversion 20% and cutting CPA 15%.
- Raised **organic search visibility 35%** by closing keyword-strategy shortfalls and building channel partnerships.

Customer Success, Pixis (AI Platform) Jul 2021 - Sep 2022

- Cut **client churn 50%** across an 8-client portfolio through proactive account strategy and vertical playbooks, owning the cross-functional work across sales, support and product.
- Kept **enterprise case studies** and sales materials current across 8 clients, supporting a 20% improvement in sales team performance.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Delivered **16x ROAS** for D2C e-commerce brands by rebuilding Google Merchant Center and Meta catalog feeds.
- Liaised across **regional marketing, localization and analytics** teams, turning market and competitive research into go-to-market input.

PROJECTS

SwipeHire

- Shipped an **AI job-matching platform** zero-to-one (Python, OpenAI API, React), owning positioning, messaging and GTM strategy with no existing playbook to inherit.
- Ran **competitor teardowns** (Jobright and others) to define ICP and category positioning, modeled 3 pricing tiers, and ran 8+ A/B tests and 12+ user interviews that lifted activation 25% across the platform's first 50+ users.
