EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Founded **PriceKeel** and run the company's own **operating system** end to end: CRM/CPQ, forecast and pipeline reviews, deal approvals, the operating cadence a Chief of Staff runs for a founder.
- Built the **investor narrative and audit trail** behind the first fundraising round, turning open-ended investor questions into board-ready materials and leadership-meeting prep.
- Running **pilots** with early customers while raising that round, the single point of accountability across product, customers and investors with no team to hand work to.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Partner with **Sales, Engineering and Accounts** to turn ambiguous field input into one market view, the cross-functional strategic-project work a Chief of Staff runs across department heads.
- Carry **P&L and revenue targets**, building leadership decks and running the **OKR cadence** (weekly/quarterly business reviews) that keeps priorities and blockers visible.
- Produce **forecasting and market-sizing models** across multiple product groups, turning performance data into the dashboards leadership acts on.
- Automate repetitive analysis with **AI agents built on Claude**, freeing time for the judgment calls that will not automate.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Shaped **AP26 revenue models** and site-transition strategy with senior executives for the Industrial BU (a multi-$100M business), the leadership-meeting prep a Chief of Staff runs for a CEO.
- Owned **leadership decks** and the **OKR/AOP cadence** (weekly/quarterly reviews), the operational-excellence work that kept department-level goals on track.
- Built the **FY2026 Bleeders and Leakers Power BI dashboard**, ranking 1,200 pricing opportunities against a $627M target, recovering **$700K+ in margin in 2 quarters** via negotiations with Sales and Finance I had no formal authority to compel.
- **Promoted to Pricing Lead** from Product and Growth Marketing in 10 months, taking on P&L ownership and executive-facing work ahead of the standard track.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe, driving $2M+ first-year revenue.
- Led the cross-functional **product roadmap** across 3 regions, managing a 100+ feature backlog with Engineering.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Grew and managed the **marketing team** while owning $100K/month budgets across multiple business units, presenting plans and forecasts to leadership for approval.
- Automated the **WordPress and Pardot** lead flow and the broader Mar-Tech stack, closing an operational reporting gap as the business scaled.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Hired and managed an **8-person team** running 8 client accounts ($15K-$90K/month each), carrying P&L targets and cutting client churn 50%.
- Ran **leadership decks** and OKRs with weekly/quarterly reviews, reporting performance data straight to senior management.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Acted as the **main liaison** between regional marketing managers, localization and analytics teams, resolving cross-functional handoffs with no formal authority over any of them.
