SUMMARY

Founder and operator who turns an **ambiguous, high-impact problem** into an owner, a decision and a number. Runs PriceKeel (B2B SaaS deal pricing, in pilots and raising) while carrying P&L and revenue targets as Strategic Marketing III at Applied Materials, and recovered \$700K+ in margin in 2 quarters as Pricing Lead at Sensata. EXPERIENCE

Founder & CEO, PriceKeel

May 2026 - Present

- Founded PriceKeel, a **decision-integrity layer** for B2B SaaS deal pricing, starting from a blank page with no playbook to copy.
- Owns every function a founder cannot delegate: **product, CRM, CPQ and deal-approval process**, plus the guardrail engine and audit trail that give Finance and Sales leadership one system for pricing decisions.
- Runs **pilots with early customers** while raising the company's first round, holding both the building and the fundraising conversation at once.

Strategic Marketing III, Applied Materials

Jun 2026 - Present

- Turns **ambiguous, conflicting input from Sales, Engineering and Accounts** into one market-sizing view for a fast-growing semiconductor segment, with no single source of truth to start from.
- Builds **forecasting and value-based pricing models** across multiple product groups, translating scattered field signal into the inflection points leadership commits a plan against.
- Carries **P&L and revenue targets** directly, running the OKR cadence and leadership decks behind weekly and quarterly business reviews.
- Automates repetitive research and synthesis with **AI agents built on Claude**, freeing time for the judgment calls a model cannot make.

Pricing Lead, Sensata Technologies

Jul 2025 - May 2026

- Took the **Bleeders and Leakers program** from a vague mandate ("margin is leaking somewhere") to a \$433M shortlist and \$700K+ recovered in 2 quarters.
- Shaped **AP26 revenue models and site-transition strategy** directly with senior executives, converting decisions into multimillion-dollar customer quotes.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters, then was promoted into the role in 10 months.
- Built the **leadership decks and OKR cadence** that kept a multi-\$100M business aligned on P&L targets across 3 regions.

Product & Growth Marketing, Sensata Technologies

Sep 2024 - Jun 2025

- Owned the **cross-functional product roadmap** for sensor solutions across 3 regions, running a 100+ feature backlog with Engineering in Agile.
- Drove **end-to-end GTM** for new sensing products across North America and Europe, positioning, pricing, channel and launch, generating \$2M+ in first-year revenue.

Digital Marketing Manager, Plug Power

Oct 2022 - Jul 2023

- Hired and managed a **marketing team**, then built the plans and forecasts presented to the leadership team for budget approval.

Senior Digital Marketing Analyst, GenY Medium

- Bridged **regional marketing, localization and analytics teams** as the main liaison, keeping cross-functional execution aligned across markets.

PROJECTS

- Ran **board decks and OKR reviews** (weekly and quarterly) while defining the ICP and positioning from competitor teardowns, making the ambiguous roadmap calls a founder has to own.
