EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- **Founded** PriceKeel, a decision-integrity layer for B2B SaaS deal pricing, taking full ownership of an ambiguous, high-impact build from a blank page: guardrail engine, audit trail and go-to-market with no playbook to follow.
- **Runs** the company's CRM, CPQ, forecast and pipeline reviews and deal approvals end to end, the same founder's-office rigor a fast-growing brand needs around its own priorities and initiatives.
- **Running** pilots with early customers and raising the company's first round, taking investor and customer signal straight into the next product and growth decision.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- **Sizes** the semiconductor market by turning scattered input from Sales, Engineering and Accounts into one view leadership can act on, under real cross-functional ambiguity.
- **Builds** competitive, value-based pricing and forecasting models across multiple product groups, tracking inflection points as new growth opportunities emerge.
- **Carries** P&L and revenue targets for the role, running the OKR cadence behind weekly and quarterly business reviews.
- **Automates** repetitive analysis with AI agents built on Claude, freeing time for the judgment calls a founder-facing build needs most.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- **Led** global pricing strategy for the Industrial BU (a multi-$100M business) across multiple product lines, carrying full P&L and revenue targets.
- **Recovered** $700K+ in margin in 2 quarters leading the Bleeders and Leakers program: negotiations built on competitive gaps and documented customer willingness to pay.
- **Shaped** AP26 revenue models and site-transition strategy directly with senior executives, building the leadership decks behind each call.
- **Promoted** from Product & Growth Marketing to Pricing Lead in 10 months after raising distributor and channel-partner margins from 53% to 61%.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- **Directed** the cross-functional product roadmap for sensor solutions across 3 regions, managing a 100+ feature backlog with Engineering in Agile.
- **Owned** go-to-market for new sensing products across North America and Europe end to end (positioning, pricing, channel, launch), driving $2M+ first-year revenue.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- **Hired and managed** marketing team members, building the plans and forecasts presented to the leadership team for budget approval.
- **Owned** $100K/month in marketing budgets across multiple business units, with every plan approved by the leadership team.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- **Hired and managed** an 8-person team running 8 clients and their P&Ls (media budgets of $15K-$90K/client/month), cutting churn 50% through proactive account strategy and channel diversification.
- **Ran** retail media (Amazon Ads, Criteo) and iOS app paid UA (Appsflyer, Adjust) across international markets, building the leadership decks and OKR reviews behind each account.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- **Acted** as the main liaison between regional marketing managers, localization and analytics teams, delivering 16x ROAS for D2C e-commerce brands by rebuilding Google Merchant Center and Meta catalog feeds.
- **Lifted** a B2B e-commerce startup's conversion rate 36% and revenue 25% through database audits and new dashboards.

PROJECTS

SwipeHire

- **Built** an AI job-matching platform zero-to-one: wrote the PRD, scoped the MVP, hired and managed the team that shipped it to 50+ early users.
- **Ran** board decks and OKR reviews (weekly and quarterly) while owning ICP, positioning and the GTM and analytics stack.
