SUMMARY

Pricing leader who recovered **$700K+ in margin in 2 quarters** at Sensata, building the governance behind a $627M pricing-opportunity program. That program spanned 3 regions, 4 product families and 20 product lines, and lifted distributor margins from 53% to 61% in the same stretch. I then founded PriceKeel, a decision-integrity layer for B2B SaaS deal pricing now in pilots, where I built the audit trail that gives Finance an explainable record behind every discount exception. Automates recurring pricing analysis with Claude AI agents as Strategic Marketing III at Applied Materials, and holds an MS in Marketing Analytics with coursework in Advanced Pricing and Pricing Analytics.

EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Founded **PriceKeel**, a decision-integrity layer for B2B SaaS deal pricing that enforces governance over every discount exception instead of leaving it to a case-by-case judgment call.
- Designed the **guardrail engine** behind it: explainable discount rules learned from each company's own closed-won and closed-lost deals, the change-management discipline a pricing-exception policy has to hold up under audit.
- Built the **audit trail** that records every pricing decision with evidence Finance can review; set up the company's CRM and CPQ, deal approvals and forecast/pipeline reviews while running pilots and raising its first round.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Build **competitive, value-based pricing** for a fast-growing semiconductor market, forecasting its inflection points so recommendations keep pace with real demand shifts.
- Turn Sales, Engineering and Accounts input into **forecasting and market-sizing models** across multiple product groups, carrying P&L and revenue targets tied to the plan.

- Shipped the FY2026 **Power BI dashboard** behind that program: 1,200 pricing opportunities tracked against a $627M target across 3 regions, 4 product families and 20 product lines, surfacing $433M in margin gaps for leadership to prioritize.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution, informed by competitive benchmarking across 10+ key players.
- Drove **+12% YoY revenue and +8% market share** through price realignment, partnering with senior executives and Finance on AP26 revenue models and multimillion-dollar customer quotes.
