EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Built PriceKeel's **CRM, CPQ and deal-approval workflow** from zero, owning the rollout end to end, then ran the forecast and pipeline review cadence that holds a growing operation accountable to its own numbers.
- Designed the **guardrail engine and audit trail** that gives Finance and Sales leadership one auditable quality check on every pricing decision, replacing legacy CPQ and deal-desk tooling end to end.
- Pilots every change with **one early customer** before scaling it across the product, the same discipline it takes raising the company's first round as the only person finding, prioritizing and closing problems.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Turns **ambiguous input from Sales, Engineering and Accounts** into one shared, data-grounded market view for a fast-growing semiconductor segment, winning buy-in across teams without a direct reporting line to any of them through clear, structured communication.
- Builds **forecasting and value-based pricing models** across multiple product groups, tracking the inflection points leadership uses to plan capacity.
- Runs the **OKR cadence and leadership decks** behind weekly and quarterly business reviews, carrying P&L and revenue targets through that same operating rhythm.
- Automates repetitive research and reporting with **AI agents built on Claude**, cutting manual work out of a recurring cycle.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Shaped **AP26 revenue models and site-transition strategy** directly with senior executives for the Industrial BU, a multi-$100M business.
- Took the **Bleeders & Leakers program** from root-cause diagnosis to a negotiated fix, recovering **$700K+ in margin in 2 quarters** and tracking the impact and improvements against target until the fix held.
- Anchored the **leadership decks and OKR cadence** (weekly and quarterly reviews) that kept executives and regional teams on one operational rhythm.
- Promoted from Product & Growth Marketing to **Pricing Lead in 10 months** on the strength of that execution.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned the **cross-functional product roadmap** for sensor solutions across 3 regions, running a 100+ feature backlog with Engineering in Agile, accelerating delivery 25% and cutting time-to-market 20%.
- Drove end-to-end **GTM for new sensing products** (positioning, pricing, channel, launch) across North America and Europe, generating $2M+ in first-year revenue.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Hired and managed a **marketing team**, presenting plans and forecasts to leadership for budget approval.
- Owned **$100K/month in budgets** across multiple business units, tying spend decisions to measured conversion and CPA improvements.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022
