EXPERIENCE

Strategic Marketing III, Applied Materials Jun 2026 - Present

- **Builds bottom-up TAM/SAM models** for the semiconductor market in partnership with Sales, Engineering and Accounts, turning field and technical input into one view that identifies attractive applications and growth opportunities across multiple product groups.
- **Develops competitive, value-based pricing and demand-forecasting models** for a fast-growing market, projecting inflection points across multiple product groups so pricing and lifecycle plans stay ahead of demand.
- **Automates repetitive competitive and market analysis** with AI agents built on Claude, carrying P&L and revenue targets and feeding findings into executive-facing weekly and quarterly business reviews.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- **Coordinated pricing and go-to-market strategy with sales** across a multi-$100M Industrial BU portfolio, lifting revenue 12% YoY and market share 8% by defending key accounts through competitive benchmarking against 10+ players.
- **Built multimillion-dollar customer quotes** with senior executives and repriced distribution, raising channel-partner margins from 53% to 61% in under 2 quarters.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- **Owned end-to-end GTM for new sensing hardware launches** across North America and Europe (market segmentation, positioning, pricing, channel), carrying the line to $2M+ in first-year revenue through a network of OEM, distributor and chipset-partner accounts.
- **Drove the new-product design-win funnel** with sales by turning technical specs into customer-facing positioning for OEM and distributor buyers, lifting conversion 15% on priority launches.
- **Fielded customer and field-application requests** across Engineering, Quality and Customer Service as the field liaison, running 30+ interviews with OEM and distributor stakeholders that surfaced pain points and raised CSAT 22%.
- **Defined the product roadmap and lifecycle plans** for sensor solutions in automotive and industrial segments, managing a 100+ feature backlog with Engineering across 3 regions and cutting time-to-market 20%.
- **Built sales enablement decks and case studies** for 50+ reps and ran ongoing competitive analysis across EMEA and the US, lifting win rates 30%.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- **Owned $100K/month marketing budgets** across multiple business units, building the plans and demand forecasts presented to the leadership team for approval.
- **Turned customer research into fast campaign changes**, lifting conversion 20% and cutting cost-per-acquisition 15% across paid search and paid social.
- **Closed keyword-strategy shortfalls** to raise organic search visibility 35%, building partnerships that compounded paid reach with owned traffic.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- **Cut client churn 50%** across an 8-person team managing 8 international accounts ($15K-$90K/month spend each) through proactive account strategy and vertical playbooks.
- **Kept enterprise case studies and customer-facing sales materials current**, supporting a 20% improvement in sales team performance and feeding customer voice back to product.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- **Delivered 16x ROAS** for D2C e-commerce brands by rebuilding Google Merchant Center and Meta catalog feeds.
- **Bridged regional marketing, localization and analytics teams** as the main liaison, running database audits that improved data accessibility 30%.

PROJECTS

Safran Market Sizing & GTM (Simon Vision Consulting)

- **Led a 5-consultant team** sizing the market from 170 facilities to a SAM of 28, with personas across 4 verticals (aerospace, defense, healthcare, scientific research), positioning for 3 B2B product lines, and an assessment of pricing strategy and the financial feasibility of market entry presented to Safran leadership.

SwipeHire

- **Defined the ICP** for an AI job-matching platform zero-to-one, ran competitor teardowns and crafted the positioning that carried it to 50+ early users.
