## EXPERIENCE

**Founder & CEO, PriceKeel** May 2026 - Present

- Designed the **guardrail engine and audit trail** that give Finance and Sales leadership one explainable system for every pricing decision, learned from each company's own closed-won and closed-lost deals.
- Runs the company's **CRM and CPQ, forecast and pipeline reviews, and deal approvals** end to end, the exact commercial-operations loop a CEO's Office seat is built to own.

**Strategic Marketing III, Applied Materials** Jun 2026 - Present

- Turns **scattered input from Sales, Engineering and Accounts** into one semiconductor market-sizing view, the same rapid-research instinct an unfamiliar-topic brief demands.
- Builds **value-based pricing and forecasting models** across multiple product groups, forecasting the inflection points leadership plans against.
- Carries **P&L and revenue targets** while running the OKR cadence and leadership decks behind weekly and quarterly business reviews that keep priorities and follow-ups moving.
- Automates repetitive research and reporting work with **AI agents built on Claude**, the same operate-and-improve habit an AI-native operating system asks someone to bring to it daily.

**Pricing Lead, Sensata Technologies** Jul 2025 - May 2026

- Drove **AP26 revenue models** and site-transition strategy with senior executives for the Industrial BU, a multi-$100M business, carrying P&L and revenue targets.

- Recovered **$700K+ in margin in 2 quarters** by taking that dashboard from a data problem to a negotiated commercial outcome with distributors and channel partners.
