EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- **Built PriceKeel**, a decision-integrity layer for B2B SaaS deal pricing that flags a discount exception and reads contract risk before a deal closes, the pre-signature review a Deal Desk owns.
- **Designed the audit trail** that records the human pricing decision with evidence Finance can audit, the same booking confidence this role gives Finance, Tax and Legal on every deal that gets reviewed.
- **Configured and run the CRM and CPQ** myself, along with forecast and pipeline reviews and deal approvals end to end, owning the Quote-to-Cash loop the way this role owns it for Instacart's Sales org.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- **Shaped competitive, value-based pricing** for a fast-growing semiconductor market, forecasting its inflection points so deal structure and discounting keep pace with demand.
- **Automated repetitive analysis work with AI agents built on Claude**, the same use of AI solutions to enhance current processes this role asks for across the Quote-to-Cash workflow.
- **Carried P&L and revenue targets** while building forecasting and market-sizing models, partnering across Sales, Engineering and Accounts the way this role partners across Sales, Finance, Tax and Legal.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- **Read multimillion-dollar customer quotes and AP26 revenue models** for risk with senior executives, evaluating each contract and approving terms before signature, the exact judgment this role asks for.
- **Recovered $700K+ in margin in 2 quarters** leading the Bleeders & Leakers program: negotiations built on competitive gaps and customer willingness to pay, the deal-velocity discipline that keeps approvals fast and correct.
- **Raised distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution, then documenting the new terms for governance review.
- **Launched the FY2026 Bleeders & Leakers Power BI dashboard**: 1,200 pricing opportunities against a $627M target across 3 regions, 4 product families and 20 lines, surfacing $433M in margin gaps for leadership.
- **Drove +12% YoY revenue and +8% market share** via price realignment informed by competitive benchmarking across 10+ key players.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- **Owned GTM for new sensing products** across North America and Europe, including pricing and channel structuring, driving $2M+ first-year revenue.
- **Ran 30+ customer interviews** with OEMs and distributors, the same sales-and-vendor communication this role runs with outside vendors before a deal's structure locks.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- **Presented marketing budgets of $100K/month** across multiple business units to leadership for approval, building the underlying plans and forecasts.
- **Automated the Mar-Tech stack** (Salesforce, Adobe Analytics, GA, Google Tag Manager), keeping CRM records clean the way a Quote-to-Cash process depends on clean Salesforce data.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- **Carried P&L and revenue targets** managing an 8-person team across 8 client accounts with per-client budgets of $15K-$90K/month, cutting client churn 50% through proactive account strategy.
- **Coordinated contract and budget approvals** across sales and outside vendor teams, the same cross-team communication this role runs alongside Sales.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- **Delivered 16x ROAS** for D2C e-commerce brands by rebuilding Google Merchant Center and Meta catalog feeds.
- **Lifted a B2B startup's conversion rate 36% and revenue 25%** via database audits that caught data-quality issues early, before they reached reporting.

PROJECTS

Optimal Pricing Prediction Model

- **Modeled R-based pricing scenarios** using linear regression to forecast demand elasticity and locate profit-maximizing price points, the same scenario-level discount analysis this role runs before a deal's pricing gets approved.
