## EXPERIENCE

**Founder & CEO, PriceKeel** May 2026 - Present

- Set up and runs the company's own **CRM, CPQ and approval matrix** end to end, maintaining the sources of truth for deal requirements and templates while selling the tool to RevOps, Sales leadership and Finance against legacy deal-desk tooling.
- Maintains the **audit trail** Finance can review for every pricing decision; running pilots with early customers and raising the company's first round.

**Strategic Marketing III, Applied Materials** Jun 2026 - Present

- Builds **forecasting and market-sizing models** across multiple product groups with Sales, Engineering and Accounts, carrying P&L and revenue targets for the role.
- Runs **AI agents built on Claude** to automate repetitive deal and market analysis, the kind of process simplification this role's continuous-improvement mandate is asking for.

**Pricing Lead, Sensata Technologies** Jul 2025 - May 2026

- Built the FY2026 **Bleeders & Leakers Power BI dashboard** tracking 1,200 pricing exceptions against a $627M target across 3 regions, 4 product families and 20 product lines: pipeline funnel, win rate, avg $/win and stage distribution surfaced $433M in margin gaps and discounting trends, the deal-data analysis this seat is asked to run for leadership.
- Recovered **$700K+ in margin in 2 quarters** by reviewing non-standard discount and payment-term requests against competitive gaps and customer willingness to pay.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution, keeping approval authority consistent across the book.
- Drove **AP26 revenue models and multimillion-dollar customer quotes** with senior executives, carrying P&L and revenue targets for a multi-$100M industrial business unit.

**Product & Growth Marketing, Sensata Technologies** Sep 2024 - Jun 2025
