EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Designed a **guardrail engine** that recommends an explainable discount guardrail learned from each company's own closed-won and closed-lost deals, the same effectiveness-measurement and adoption work this role owns for Gap's brand pricing guardrails.
- Built the **audit trail** that gives Finance an evidence-backed record behind every AI-recommended discount, the same validation discipline this role applies before a pricing-agent recommendation goes final.
- Runs the company's **CRM, CPQ configuration and deal approvals** while selling the guardrail engine to RevOps, Sales leadership and Finance, the same cross-functional ownership this seat holds across Merchandising, Planning and Company Planning.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Builds **competitive, value-based pricing** for a fast-growing semiconductor market, forecasting its inflection points so pricing keeps pace with demand, the same "what if" scenario work a brand pricing-architecture refresh runs against forecasted performance.
- Develops **forecasting and market-sizing models** across multiple product groups, turning field, Sales and Engineering input into one market view, the cross-functional alignment this role runs across Merchandising, Planning and Company Planning.
- Automates repetitive analysis with **AI agents built on Claude**, validating every output before it feeds a pricing recommendation, the AI-partnership mindset and pricing-agent review this role is built around.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Recovered **$700K+ in margin in 2 quarters** leading the Bleeders and Leakers program, reconciling in-season discount decisions against competitive gaps and customer willingness to pay.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution, the same discount-budget ownership this role holds for Gap's brand pricing principles.
- Built the FY2026 Bleeders and Leakers **Power BI dashboard**, tracking 1,200 pricing opportunities against a $627M target across 3 regions, 4 product families and 20 product lines, surfacing $433M in margin gaps for leadership to prioritize.
- Modeled **AP26 revenue scenarios** and multimillion-dollar customer quotes with senior executives, the same "what if" financial modeling Merchandise Planning and Company Planning lean on for pricing recommendations.
- Drove **+12% YoY revenue and +8% market share** through price realignment informed by competitive benchmarking across 10+ key players, the same competitive price-positioning models and benchmarks this role maintains for the brand.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe, including pricing and channel structuring, driving $2M+ first-year revenue.
- Ran **30+ customer interviews** with OEMs and distributors to test willingness to pay ahead of launch, the same customer-driven pricing validation this role runs before a brand-wide price change ships.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Presented **marketing budgets of $100K/month** across multiple business units to leadership for approval, building the forecasts and plans behind every number.
- Reduced **CPA 25%** across Google Ads, Microsoft Ads, Meta and LinkedIn through bid optimization and A/B testing, the same scenario-validation discipline a pricing model runs before it goes live.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Carried **P&L and revenue targets** managing an 8-person team across 8 client accounts, cutting client churn 50% through proactive account strategy.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Delivered **16x ROAS** for D2C e-commerce brands by rebuilding Google Merchant Center and Meta catalog feeds.

PROJECTS

Optimal Pricing Prediction Model

- Developed **R-based pricing optimization models** using linear regression to forecast demand elasticity and profit-maximizing price points across product scenarios, the same scenario-modeling discipline a brand pricing-architecture refresh runs before a price change ships.
