EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- **Founded** PriceKeel, a decision-integrity layer for B2B SaaS deal pricing, designing the guardrail engine and audit trail from a blank page with no playbook to follow.
- **Built** the company's own operating cadence from zero: CRM, CPQ, forecast and pipeline reviews, and deal approvals, the end-to-end ownership a CEO's Office seat is built around.
- **Runs** pilots with early customers and is personally raising the company's first round, carrying board- and investor-facing conversations directly. (No pilot counts, users, ARR or amounts raised given.)

Strategic Marketing III, Applied Materials Jun 2026 - Present

- **Sizes** the semiconductor market in partnership with Sales, Engineering and Accounts, turning scattered field and technical input into one cross-functional view for leadership.
- **Runs** OKRs with weekly and quarterly business reviews, the same leadership-review cadence this seat would own independently.
- **Carries** P&L and revenue targets for the role and builds the leadership decks that turn market-sizing and forecasting work into decisions.
- **Uses** AI agents built on Claude daily to accelerate repetitive research and analysis.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- **Built** the FY2026 Bleeders and Leakers Power BI dashboard, a decision-shaping financial analysis across 1,200 opportunities against a $627M target in 3 regions, surfacing $433M in margin gaps for leadership to prioritize.
- **Recovered** $700K+ in margin in 2 quarters running that program, raising distributor and channel-partner margins from 53% to 61% through payout-level deal review.
- **Shaped** AP26 revenue models and site-transition strategy directly with senior executives for a multi-$100M business unit, promoted into the role in 10 months.
- **Ran** leadership decks and OKRs with weekly and quarterly business reviews, carrying P&L and revenue targets throughout.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- **Drove** GTM for new sensing products across North America and Europe end to end, positioning, pricing, channel and launch, generating $2M+ first-year revenue.
- **Defined** the cross-functional product roadmap across 3 regions, managing a 100+ feature backlog with Engineering in Agile and cutting time-to-market 20%.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- **Hired and led** marketing team members while owning $100K/month budgets across multiple business units, building the plans and forecasts presented to leadership for approval.
- **Automated** the Mar-Tech stack (Salesforce, Adobe Analytics, GA, Google Tag Manager) for closed-loop, auditable reporting.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- **Hired and led** an 8-person team running 8 clients with per-client budgets of $15K-$90K/month, carrying P&L and revenue targets.
- **Ran** leadership decks and OKRs with weekly and quarterly business reviews while cutting client churn 50% through proactive account strategy.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- **Turned** database audits into dashboards that lifted data accessibility 30%, the same MIS discipline a decision-shaping analysis role runs on.

PROJECTS

SwipeHire

- **Shipped** an AI job-matching platform zero-to-one: wrote the PRD, scoped the MVP and onboarded 50+ early users.
- **Grew and ran** the team, and ran OKRs with weekly and quarterly reviews and board decks, the same cadence a founder brings into a CEO's Office seat.

Safran Market Sizing & GTM (Simon Vision Consulting)

- **Led** a 5-consultant team sizing a market from 170 facilities to a SAM of 28, then presented the market-entry recommendation to Safran leadership.
