Hiring Team, Talkiatry

Delivering 3x ROAS in one month by fixing the full funnel, not just the creative, shopping feed cleanup, smart bidding, creative refresh and lookalike expansion, is the direct-response discipline I would bring to scaling your paid social program across Meta and TikTok.

At Plug Power I owned Paid Search and Paid Social across Google Ads, Microsoft Ads, Meta and LinkedIn, and bid optimization plus A/B testing delivered a 25% CPA reduction alongside a 20% lift in conversion from customer research, the same optimize-and-scale mandate this role runs on CAC today and LTV over time.

Budget accountability at the portfolio level is where I have spent most of my career: an 8-client, multi-business-unit portfolio with full P&L ownership, not a single large account. I already use SQL and Tableau to turn that spend into a measurement story, the same BI stack this role runs on.

I already automate the repetitive half of campaign analysis and reporting with Claude agents at Applied Materials, which is where the hours for the actual creative and audience strategy conversation come from. Proof trail at adhi-growth-ai.vercel.app/ref/talkiatry.
