SUMMARY

Now runs CRM, CPQ, forecast reviews, deal approvals and quote-to-order end to end as founder of PriceKeel, building the discount-guardrail and approval-framework tooling a hands-on Deal Desk function needs to balance commercial trade-offs, with an audit trail Finance and Legal can act on. Hired and managed an 8-person team at Pixis and closed multimillion-dollar customer quotes directly with senior Sensata executives, finding practical solutions instead of obstacles when a deal hits a wall. EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Designed the **audit trail** that gives Finance and Legal the evidence to know exactly what to book and resolve discrepancies before signature, selling the approach against legacy CPQ and deal-desk tooling to RevOps and Sales leadership.
- Owns the company's **quote-to-order workflow** end to end, defining the business requirements and acceptance criteria and holding its own systems accountable for delivery across CRM, CPQ, deal approvals and forecast and pipeline reviews.

- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution, the margin discipline this seat protects on every live deal.
- Built the FY2026 **Bleeders & Leakers Power BI dashboard** tracking 1,200 pricing opportunities against a $627M target across 3 regions, 4 product families and 20 product lines, surfacing $433M in margin gaps for leadership to prioritize.
