EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Designed the **audit trail** that gives Finance an explainable, revenue-recognition-ready record behind every discount decision, so a non-standard deal holds up under downstream review.
- Runs the company's **CRM, Salesforce CPQ configuration and deal-approval workflow** end to end while running pilots and raising its first round.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Sized the **semiconductor market** in partnership with Sales, Engineering and Accounts, turning field and technical input into one view of revenue risk and pricing opportunity.
- Builds **competitive, value-based pricing** for a fast-growing semiconductor market, forecasting its inflection points so commercial terms keep pace with demand shifts.
- Automates repetitive analysis work with **AI agents built on Claude**, the same automation instinct behind streamlining a quote-to-order process.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Recovered **$700K+ in margin in 2 quarters** leading the Bleeders and Leakers program, structuring non-standard terms directly against competitive gaps and customer willingness to pay.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters by restructuring multi-party pricing and contract terms, documenting the new discount logic for Finance to enforce.
- Owned **multimillion-dollar customer quotes and AP26 revenue models** with senior executives and Finance, the cross-functional deal review this role runs across Sales, Finance, Legal and Order Management.
- Built the FY2026 **Bleeders and Leakers Power BI dashboard**, tracking 1,200 pricing opportunities against a $627M target across 3 regions and surfacing $433M in margin gaps for leadership to prioritize by salesperson.
