EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Founded **PriceKeel** and run the Founder's full operating system end to end: product, CRM/CPQ, forecast and pipeline reviews, and deal approvals.
- Built the **investor narrative and fundraising materials** behind the company's first round, turning due-diligence questions into board-ready financial models leadership can act on.
- Running **pilots** with early customers while raising that round, the single point of accountability across product, customers and investors with no team to hand work to.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Partner with **Sales, Engineering and Accounts** to turn ambiguous field input into one market view, the same Founder-to-department-head bridge this role runs daily.
- Carry **P&L and revenue targets** while building leadership decks and running the **OKR cadence** (weekly/quarterly business reviews) that keeps strategic initiatives on track.
- Produce **forecasting and market-sizing models** across multiple product groups, the financial-modeling and competitive-analysis work a Strategic Planning bucket asks for.
- Automate repetitive analysis with **AI agents built on Claude**, freeing time for the judgment calls that will not automate.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Shaped **AP26 revenue models** and site-transition strategy with senior executives for the Industrial BU (a multi-$100M business), the leadership-meeting prep a Founder's Office runs ahead of a board update.
- Owned **leadership decks** and the OKR/AOP cadence (weekly/quarterly reviews) that kept department heads aligned to one plan, the internal communication rhythm a Chief of Staff keeps running.
- Built the **FY2026 Bleeders and Leakers Power BI dashboard**, ranking 1,200 pricing opportunities against a $627M target, and recovered **$700K+ in margin in 2 quarters** through negotiations with Sales and Finance I had no formal authority to compel.
- **Promoted to Pricing Lead** from Product and Growth Marketing in 10 months, taking on P&L ownership and executive-facing work ahead of the standard track.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe, driving $2M+ first-year revenue.
- Led the cross-functional **product roadmap** across 3 regions, managing a 100+ feature backlog with Engineering, the bottleneck-identification and process-design work operational excellence calls for.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Hired and managed the **marketing team** while owning $100K/month budgets across multiple business units, building the plans and forecasts presented to the leadership team for approval.
- Automated the **WordPress and Pardot** lead flow, closing an operational reporting gap as the business scaled.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Hired and managed an **8-person team** running 8 client accounts ($15K-$90K/month each), carrying P&L targets and cutting client churn 50%.
- Ran **leadership decks** and OKRs with weekly and quarterly reviews, reporting performance data straight to senior management, the executive-facing rhythm a Founder's Office keeps running.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Acted as the **main liaison** between regional marketing managers, localization and analytics teams, the cross-functional bridge work a Founder's Office runs day to day.
