EXPERIENCE

Founder & CEO, PriceKeel

May 2026 - Present

- Founded **PriceKeel**, a decision-integrity layer for B2B SaaS deal pricing that structures and quotes each discount exception before a deal closes, the same commercial-operations call a Deal Desk seat makes on every Order Form.
- Set up and runs the company's **CRM and CPQ configuration** end to end, the same Salesforce and CPQ-platform ownership this role holds for every quote.
- Built the **deal-approval audit trail** that gives Finance and Legal an explainable record behind every discount exception and contract term, the redline-and-approval discipline this seat runs on every Order Form.

Strategic Marketing III, Applied Materials

Jun 2026 - Present

- Built **competitive, value-based pricing** for a fast-growing semiconductor market, forecasting its inflection points so pricing keeps pace with demand, the same deal-by-deal pricing judgment a Deal Desk Analyst applies to every quote.
- Automates repetitive pricing analysis work with **AI agents built on Claude**, the operational habit a commercial-operations seat scales its own Salesforce and CPQ data hygiene with.
- Carries **P&L and revenue targets** while building forecasting and market-sizing models across multiple product groups, the cross-product analysis a deal desk reviews before every quote goes out.

Pricing Lead, Sensata Technologies

Jul 2025 - May 2026

- Recovered **\$700K+ in margin in 2 quarters** leading the Bleeders and Leakers program, a deal-by-deal review of prior quote terms and competitive gaps against each customer's willingness to pay.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution, then documenting the new discount logic for governance review.
- Built the **FY2026 Bleeders and Leakers Power BI dashboard**, tracking 1,200 pricing opportunities against a \$627M target and surfacing \$433M in margin gaps across 3 regions, 4 product families and 20 product lines.
- Negotiated **multimillion-dollar customer quotes** with senior executives on AP26 revenue models, the executive-level deal support this seat would extend to Quantum Metric's own Order Forms and contract redlines.
- Drove **+12% YoY revenue and +8% market share** through price realignment informed by competitive benchmarking across 10+ key players.

Product & Growth Marketing, Sensata Technologies

Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe, including pricing, channel structuring and deal terms, driving \$2M+ first-year revenue.
- Ran **30+ customer interviews** with OEMs and distributors to pressure-test willingness to pay and quotation approaches ahead of launch.

Digital Marketing Manager, Plug Power

Oct 2022 - Jul 2023

- Presented **marketing budgets of \$100K/month** across multiple business units to leadership for approval, building the plans and forecasts behind them.

Customer Success Manager, Pixis (AI Platform)

Jul 2021 - Sep 2022

PROJECTS

Pricing Optimization Model

- Developed **R-based pricing optimization models** using linear regression to forecast demand elasticity and price points across SaaS subscription tiers, the same quote-level pricing judgment a Deal Desk seat applies before approving a non-standard contract term.
