SUMMARY

Product marketer who builds the **win-loss and battlecard engine** Sales and CSMs actually use, not a slide deck nobody opens. At Sensata, built the competitive benchmarking and objection-handling materials behind a 50+ rep enablement rollout that lifted win rates 30%, then owned a sensing-product GTM from positioning through launch (**$2M+ first-year revenue**). Now Strategic Marketing III at Applied Materials, building competitive pricing views and automating repetitive analysis with **Claude AI agents**. Also founder and CEO of PriceKeel, where the same discipline, turning closed-won and closed-lost deals into a decision engine, runs on contract pricing instead of a sales deck. MS in Marketing Analytics from Simon Business School.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Sizes the **semiconductor market** with Sales, Engineering and Accounts, turning scattered field input into one competitive view the whole GTM team can act on with confidence.
- Builds **competitive, value-based pricing** and forecasts market inflection points across multiple product groups, the same market-tracking habit any usable battlecard needs.
- Automates **repetitive market and competitive analysis** with AI agents built on Claude, carrying P&L and revenue targets into reviews.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **end-to-end GTM** for a new sensing product line, positioning through launch, with no existing playbook to lean on, driving $2M+ in first-year revenue.
- Translated **technical specs into buyer-ready positioning**, the same reformulation a win-loss program depends on, lifting conversion 15% on priority launches.
- Ran **30+ customer interviews** with OEMs and distributors, turning what they actually said into findings Engineering acted on directly, raising CSAT 22%.
- Armed **50+ reps** with the messaging, decks, case studies and talk tracks behind a new GTM launch, lifting win rates 30% across the whole sales floor.
- Tracked **competitor and customer activity across EMEA and the US**, surfacing purchasing-pattern shifts and share gaps Sales could use before a renewal call.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Drove **+12% YoY revenue and +8% market share** through price-realignment calls built on competitive benchmarking across 10+ rival players in the category.
- Sat with **senior executives on multimillion-dollar customer quotes**, the kind of real-deal pushback a battlecard actually has to survive in the room, not on paper.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Controlled **$100K/month marketing budgets** across multiple business units, building the plans and forecasts the leadership team approved every quarter.

- Kept **enterprise case studies and sales materials** current across every account, supporting a 20% improvement in sales team performance.
- Used **Amplitude and Tableau** across 30+ campaigns to read what was and was not working, lifting campaign ROAS 40%.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Delivered **16x ROAS** for D2C e-commerce brands by rebuilding Google Merchant Center and Meta catalog feeds from the ground up.

- Built **an AI job-matching platform** zero-to-one (Python, OpenAI API, React): wrote the PRD, scoped the MVP and shipped the matching engine end to end.
- Ran **competitor teardowns** against Jobright and others, then modeled 3 subscription pricing tiers from willingness-to-pay signals.
- Owned **the analytics stack** (GA4, GTM, event tracking, funnel dashboards), running 8+ A/B tests and 12+ interviews that lifted activation 25%.
