## EXPERIENCE

**Founder & CEO, PriceKeel** May 2026 - Present

- Run PriceKeel as my own **founder's office**: identified a governance gap in B2B SaaS deal pricing and shipped the guardrail engine and audit trail that close it, with no cofounder to hand pieces off to.
- Own the company's **full operating system** myself: CRM and CPQ, forecast and pipeline reviews, deal approvals, and the investor-facing materials behind the fundraise.
- Running **pilots with early customers** and raising PriceKeel's first round, using competitive and buyer research to shape the roadmap.

**Strategic Marketing III, Applied Materials** Jun 2026 - Present

- Partner with **Sales, Engineering and Accounts** to turn scattered field and technical input into one market view.
- Run the **OKR cadence** with weekly and quarterly business reviews, the operating rhythm that keeps a fast-moving initiative visible instead of lost in someone's inbox.
- Carry **P&L and revenue targets** for the role, building the forecasting and market-sizing models that turn research into a number leadership can act on.
- Automate repetitive analysis and reporting work with **AI agents built on Claude**, freeing time for the judgment calls a dashboard cannot make.

**Pricing Lead, Sensata Technologies** Jul 2025 - May 2026

- Shaped **AP26 revenue models** and site-transition strategy with senior executives for a multi-$100M Industrial BU.
- Built **leadership decks** and ran the OKR cadence (weekly and quarterly business reviews) that kept 1,200 pricing opportunities against a $627M target visible across 3 regions.
- Headed the **Bleeders and Leakers margin program** end to end, from dashboard design to the negotiations that recovered $700K+ in margin in 2 quarters.
- Promoted to **Pricing Lead** from Product and Growth Marketing in 10 months, taking on full P&L ownership ahead of the standard track.

**Product & Growth Marketing, Sensata Technologies** Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe, driving $2M+ in first-year revenue.
- Drove the **cross-functional product roadmap** across 3 regions, managing a 100+ feature backlog with Engineering and clearing the bottlenecks that stalled releases.

**Digital Marketing Manager, Plug Power** Oct 2022 - Jul 2023

- Hired and managed the **marketing team** while owning $100K/month budgets across multiple business units, building the plans and forecasts presented to leadership for approval.
- Automated the **WordPress and Pardot** lead flow and Mar-Tech stack, cutting cost per lead 50%.

**Customer Success Manager, Pixis (AI Platform)** Jul 2021 - Sep 2022

- Hired and managed an **8-person team** running 8 client accounts on individual P&L targets, cutting client churn 50% through the account strategy I designed.
- Built **leadership decks** and ran OKRs with weekly and quarterly business reviews, reporting recommendations directly to senior management.

**Senior Digital Marketing Analyst, GenY Medium** Jan 2020 - Jun 2021

- Bridged **regional marketing, localization and analytics teams** as the main liaison, resolving cross-functional handoffs with no formal authority over any of them.

## PROJECTS

**SwipeHire**

- Grew and managed the **SwipeHire team**, built board decks and ran OKRs while shipping an AI job-matching platform zero-to-one (Python, OpenAI API, React), onboarding 50+ early users.
- Defined the **ICP and GTM** from competitor teardowns and willingness-to-pay research, modeling 3 subscription pricing tiers before a single customer signed up.

**Safran Market Sizing & GTM (Simon Vision Consulting)**

- Led a **5-consultant team** benchmarking 150+ target facilities and 10+ competitors, narrowing TAM/SAM/SOM from 170 facilities to a SAM of 28 and presenting the recommendation to Safran leadership.
