## EXPERIENCE

### Founder & CEO, PriceKeel

- Founded **PriceKeel**, a decision-integrity layer for B2B SaaS deal pricing, building the guardrail engine that recommends an explainable discount boundary learned from each company's own closed-won and closed-lost deals.
- Logged every pricing decision in an **audit trail** that gives Finance an explainable record, the durable governance process a pricing and packaging function needs instead of solving each question as a one-off.
- Set up and run the company's **CRM and CPQ, forecast and pipeline reviews, and deal approvals**, while running pilots with early customers and raising the first round from investors.

### Strategic Marketing III, Applied Materials

Jun 2026 - Present

- Modeled **competitive, value-based pricing** for a fast-growing semiconductor market, forecasting its inflection points across product configurations to inform pricing and packaging recommendations that keep pace with real demand.
- Developed **forecasting and market-sizing models** across multiple product groups, synthesizing field and technical input from Sales, Engineering and Accounts into one data-driven business case.
- Automated repetitive pricing analysis with **AI agents built on Claude**, freeing time for the recurring model-refresh and cross-functional reporting work a pricing and packaging function owns every cycle.

### Pricing Lead, Sensata Technologies

Jul 2025 - May 2026

- Led **global pricing strategy** for Sensata's Industrial BU (a multi-\$100M business) across multiple product lines, managing complex, cross-functional execution and carrying P&L and revenue targets.

- Built the FY2026 **Power BI dashboard** behind that program, measuring the effectiveness of pricing decisions with pipeline funnel, regional scorecards, win rate, avg \$/win and stage distribution across 3 regions, 4 product families and 20 product lines.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution, validated against competitive benchmarking across 10+ key players.
- Drove **+12% YoY revenue and +8% market share** through price realignment, partnering with senior executives on AP26 revenue models and multimillion-dollar customer quotes.
