Cross-Functional Deal Coordination: Finance, Accounting, Legal, Sales, Engineering, P&L and Revenue Targets, Quarterly Strategy & Forecasting, Approval-Process Standardization
Analytics & Tools: Excel (advanced), Python (pandas), R, Regression, A/B Testing, AI Agents (Claude), Jira, Confluence, Notion

EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Founded **PriceKeel**, a decision-integrity layer for B2B SaaS deal pricing that reviews a live discount exception and recommends an explainable pricing guardrail learned from each company's own closed-won and closed-lost deals, the same deal-structuring call this role makes across Land, Expansion and Framework deals.
- Built the **audit trail** that gives Finance and deal-desk teams evidence for every discount call, standardizing the approval steps a growing deal-desk function is asked to remove bottlenecks from, and run the company's CRM/CPQ, forecast and pipeline reviews end to end.
- **Running pilots** with early B2B customers and raising the company's first round, coordinating deal terms directly with Sales, Finance and Legal on every live deal.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- **Builds inflection-point forecasting models** for a fast-growing semiconductor equipment market, the same quarterly strategy and forecasting support this role provides across Enterprise deal planning.
- Partners with **Sales, Engineering and Accounts** to turn field and technical input into one pricing strategy across multiple product groups, carrying P&L and revenue targets for the role.
- Automated repetitive pricing analysis with **AI agents built on Claude**, cutting manual work out of recurring financial modeling so more time goes to the deal-pricing decision itself.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Built the FY2026 Bleeders & Leakers **Power BI pricing dashboard** ranking 1,200 pricing opportunities against a $627M target across 3 regions and 4 product families, the same pipeline pricing and deal-health dashboard this role owns for Sales and Deal Desk leadership.
- Recovered **$700K+ in margin in 2 quarters** by structuring deal-by-deal pricing exceptions and standardizing the approval steps that had been handled ad hoc across regions.
- Raised distributor and channel-partner margins **from 53% to 61%** through cross-functional deal coordination with Sales and Finance, routing multimillion-dollar customer quotes through senior executives and Legal for sign-off.
- Drove **+12% YoY revenue and +8% market share** through price realignment against 10+ competitors, aligning AP26 revenue models and quarterly P&L reviews with senior executives.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM pricing and channel strategy** for new sensing products across North America and Europe, driving $2M+ first-year revenue through cross-functional work with Sales and Engineering.
- Ran **30+ customer interviews** with OEMs and distributors to test willingness to pay and surface pricing friction before launch.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Presented **marketing budgets of $100K/month** across multiple business units to leadership for approval, building the financial models and forecasts behind them and leading bid optimization that cut CPA 25%.
- Automated the **Mar-Tech stack** (Salesforce, Adobe Analytics, GA, Google Tag Manager) for closed-loop, data-quality reporting across campaigns.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Carried **P&L and revenue targets** for an 8-client, $15K-$90K/month portfolio, cutting client churn 50% through cross-functional account strategy and channel diversification.
- Used **Tableau and Amplitude** on user behavior across 30+ campaigns, lifting campaign ROAS 40%.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Delivered **16x ROAS** for D2C e-commerce brands and lifted a B2B startup's revenue 25% by rebuilding catalog feeds and running database and SEO audits.

PROJECTS

SwipeHire

- Shipped an AI job-matching platform zero-to-one and **modeled 3 subscription pricing tiers** from competitor benchmarks and willingness-to-pay signals, the same tier-and-deal-structure pricing logic a Pricing Manager applies across Land, Expansion and Framework deals.
