SUMMARY

Product marketer who turns complex technical products into stories developers trust, with **$2M+** in GTM-launch revenue proving it works. Built the sales-enablement and competitive-intelligence system behind that launch, arming 50+ reps and lifting win rates 30%, and ran 30+ structured interviews with technical buyers to pressure-test messaging before launch. Shipped an AI product zero-to-one (Python, OpenAI API, React), owning positioning, growth experiments and GTM with no playbook to inherit. Now Strategic Marketing III at Applied Materials, automating competitive analysis with AI agents built on Claude; MS in Marketing Analytics from Simon Business School.

EXPERIENCE

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Sizes the **semiconductor market** alongside Sales, Engineering and Accounts, turning deep technical input from engineers into one positioning view that keeps pace as the product evolves.
- Builds **competitive, value-based pricing** for a fast-moving technical market, forecasting inflection points so messaging and pricing move with the product roadmap.
- Automates recurring **competitive and market analysis** with AI agents built on Claude, carrying P&L and revenue targets while cutting manual analysis time.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM strategy** (positioning, pricing, channel, launch) for new sensing products across North America and Europe, turning a product release into a $2M+ first-year revenue motion.
- Turned deeply technical sensor features into **buyer-ready positioning and messaging** for both engineers and purchasing teams, lifting launch conversion 15%.
- Ran **30+ structured interviews** with OEMs and distributors to learn how technical buyers discover and evaluate new products, raising CSAT 22%.
- Built **sales enablement content** (decks, case studies) for 50+ reps, arming them to explain complex technical differentiation and improving win rates 30%.
- Tracked **competitor moves and market share** across EMEA and the US, turning findings into positioning calls as the market and product evolved.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Drove **+12% YoY revenue and +8% market share** through price-realignment decisions built on competitive benchmarking across 10+ key players.
- Closed **multimillion-dollar customer quotes** alongside senior executives, turning competitive and customer insight into deal-level pricing calls.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Owned **$100K/month marketing budgets** across multiple business units, building the growth plans and forecasts leadership approved.
- Ran **customer research** that reshaped messaging and channel mix fast, lifting conversion 20% and cutting CPA 15% by testing the change directly in market.
- Raised **organic search visibility 35%** by closing keyword-strategy gaps and building SEO partnerships that compounded distribution over time.

Customer Success, Pixis (AI Platform) Jul 2021 - Sep 2022

- Cut **client churn 50%** across an 8-client AI-platform portfolio through proactive account strategy and vertical playbooks.
- Delivered **3x ROAS in one month** for a fashion brand via a full-funnel rebuild: feed cleanup, smart bidding, creative refresh and lookalike expansion.
- Kept **enterprise case studies and sales materials** current for an AI platform's go-to-market team, supporting a 20% improvement in sales performance.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Delivered **16x ROAS** for D2C e-commerce brands by rebuilding Google Merchant Center and Meta catalog feeds end to end.
- Liaised across **regional marketing, localization and analytics** teams, turning scattered market research into one go-to-market view.

PROJECTS

SwipeHire

- Built an **AI job-matching platform** (Python, OpenAI API, React) zero-to-one, from PRD to shipped product, owning positioning, messaging and GTM with no existing playbook.
- Designed **competitor teardowns and user research** that defined positioning (12+ interviews), then built a GA4 analytics stack and ran 8+ A/B tests, lifting activation 25% across the platform's first 50+ users.
