Built an AI product from zero-to-one at SwipeHire owning full lifecycle from discovery through retrospective; proficient in SQL, GA4, Jira, Confluence, Excel, and PowerPoint.

SKILLS

Product: Product Lifecycle (Discovery to Retrospective), Roadmapping, Backlog Management, Requirements Documentation, User Research, Value Proposition Development, Competitive Benchmarking, Opportunity Assessment, MVP Delivery, Agile/Scrum, PRD Writing, Prioritization (RICE/ICE)

Analytics & Research: SQL, GA4, Power BI, Tableau, Python (pandas), A/B Testing, KPI Design, Cohort & Funnel Analysis, Quantitative & Qualitative Research, Data Synthesis, Performance Dashboards, Competitive Analysis

Tools & Collaboration: Jira, Confluence, Excel (advanced), PowerPoint, Salesforce, HubSpot, Figma (basics), Notion, Adobe Analytics, GTM, Cross-functional Program Management, Executive Presentations

EXPERIENCE

Product Marketing Lead -- Sensata Technologies

Sep 2024 -- Present

- Partnered with senior leadership on portfolio objectives and capacity planning; owned backlog of **100+ features** in Agile, accelerating release cycles **25%** and cutting time-to-market **20%** across 3 regions.
- Ran **30+ qualitative interviews** with OEMs and distributors; synthesized stakeholder feedback into requirements documentation and value propositions that lifted CSAT **22%** and conversion **15%**.
- Built SQL + GA4 performance dashboards across **50K+ connected devices**; analyzed operational data to identify product improvement areas, lifting feature adoption **18%**.
- Supported full product lifecycle from discovery through retrospective -- conducted competitive benchmarking across **10+ players** and opportunity assessments contributing to **\$2M+** first-year revenue.
- Prepared executive materials and stakeholder communications across 3 regions; coordinated quarterly planning, maintained centralized roadmap documentation, and aligned product, engineering, and sales on shared priorities.

Product Marketing Intern -- Sensata Technologies

Jul 2024 -- Aug 2024

- Conducted competitive analysis of competitors and distributor networks across the US and EU; synthesized findings into market opportunity assessments that informed product distribution strategy.

Digital Marketing Manager -- Plug Power

Oct 2022 -- Jul 2023

- Owned MarTech stack implementation (Salesforce, Adobe Analytics, GA, GTM) enabling product and marketing teams to ship and measure digital initiatives faster; built closed-loop performance dashboards for executive reporting.
- Owned A/B testing roadmap across digital channels; synthesized test results and quantitative findings into stakeholder communications -- delivered **-25% CPA** and **+20% conversion rate**.
- Built audience segmentation models and retargeting workflows using Adobe Audience Manager and CRM data; documented requirements and maintained process documentation for operations alignment.

Customer Success & Growth Manager (AI Platform) -- Pixis

Jul 2021 -- Sep 2022

- Led **8-person team** and **\$1.4M** budget; acted as voice-of-customer back to the product team -- synthesized client feedback into feature requests and platform improvements that cut churn **50%**.
- Analyzed eCommerce operational data across global D2C clients; built weekly performance dashboards and competitive benchmarks that drove **3x ROAS** via data-driven product and campaign optimization.
- Produced executive presentations and performance documentation for client leadership; managed cross-functional coordination across Google, Meta, and programmatic channel partners.

Senior Digital Marketing Analyst -- GenY Medium

Jan 2020 -- Jun 2021

- Delivered **16x ROAS** via data-driven product feed optimization; built weekly SQL performance dashboards and synthesized findings into strategic recommendations for founder decision-making.

PROJECTS

SwipeHire

- Built AI job-matching platform (Python, OpenAI API, React) from zero-to-one: wrote PRD, defined MVP scope, and shipped v1 with auto-tailored resumes and visa-aware matching; onboarded **50+ early users**.
- Owned full product lifecycle -- ran **12+ user interviews**, tracked activation and retention cohorts in GA4, and re-prioritized backlog weekly based on qualitative + quantitative signals.
