

ADHITHYA ROKHITH BHASKAR

Sr Product Analytics Analyst | SQL · Measurement Strategy · Experimentation · Executive Reporting

Boston, MA | +1 (929) 563-9974 | arokhith@gmail.com | [LinkedIn](#) | [Portfolio](#)

SUMMARY

Product analytics professional with 4+ years building measurement frameworks, dashboards, and experimentation programs across B2B industrial IoT, SaaS, and D2C verticals. MS in Marketing Analytics (Simon / Rochester). Built SQL + GA4 KPI framework across **50K+ connected devices**; constructed opportunity sizing models driving **+12% YoY revenue**; delivered **-25% CPA** via attribution modeling at Plug Power. Expert in SQL, Python (pandas), Power BI, and Tableau; experienced designing experimentation roadmaps, translating analysis into executive recommendations, and coordinating measurement strategy across cross-functional teams.

SKILLS

Analytics & Measurement: SQL (expert), Python (pandas), Power BI, Tableau, GA4, Adobe Analytics, Excel (advanced), KPI Design, Measurement Strategy, Opportunity Sizing, Forecasting & Modeling, Cohort Analysis, Funnel Analytics, Attribution Modeling

Experimentation & Product: A/B & Multivariate Testing, Experimentation Strategy, Test-and-Learn Frameworks, Incrementality Testing, Product-Led Growth Metrics, Feature Adoption Analysis, Conversion Optimization, Statistical Modeling, Regression

Communication & Tools: Executive Dashboard Design, Cross-functional Reporting, Salesforce, HubSpot, Adobe Audience Manager, Google Tag Manager, Data Visualization, Segmentation, Cross-functional Program Management

EXPERIENCE

Product Analytics & Marketing -- Sensata Technologies

Sep 2024 -- Present

- Built KPI measurement framework in SQL + GA4 across **50K+ connected devices**; designed product-adoption metrics, cohort segmentation, and automated dashboards that lifted feature adoption **18%** and fed roadmap decisions for senior leadership.
- Constructed competitive benchmarks across **10+ key players** and opportunity sizing models; performance assessments contributed to **+12% YoY revenue** and **+8% market share**.
- Owned experimentation roadmap across product launches -- designed A/B tests on landing pages, email content, and audience segments, improving conversion **15%** and establishing a test-and-learn review cadence with product and marketing teams.
- Ran **30+ customer interviews** with OEMs and distributors; synthesized qualitative and quantitative insights into strategic recommendations presented to senior executives, contributing to **\$2M+** first-year pipeline.
- Coordinated measurement strategy across **3 regions** -- aligned KPI definitions, reporting cadence, and experimentation standards across product, sales, and engineering, reducing time-to-market **20%**.

Digital Marketing Manager -- Plug Power

Oct 2022 -- Jul 2023

- Built closed-loop attribution model (Salesforce, Adobe Analytics, GA, GTM) measuring full-funnel performance from ad click to SQL; framework enabled **-25% CPA** and **+20% conversion rate** through data-driven budget decisions.
- Developed audience segmentation and behavioral analytics models using Adobe Audience Manager and CRM data; translated signals into targeting decisions that improved pipeline quality and MQL-to-SQL conversion.
- Constructed executive dashboards for B2B paid media programs; presented performance analytics and quarterly budget forecasts to leadership.

Customer Success & Growth Manager (AI Platform) -- Pixis

Jul 2021 -- Sep 2022

- Managed **\$1.4M** media budget across global D2C clients; built weekly dashboards tracking ROAS, CPA, and incrementality signals across Google, Meta, and programmatic -- presented data findings to client executive teams.
- Delivered **3x ROAS in one month** for a leading fashion brand via data-driven restructuring: Shopping feed audit, smart bidding model optimization, and lookalike audience performance analysis.
- Reduced client churn **50%** by translating performance analytics into actionable account strategy; directed **8-person team** and built incrementality testing frameworks across channels.

Senior Digital Marketing Analyst -- GenY Medium

Jan 2020 -- Jun 2021

- Delivered **16x ROAS** for a D2C brand through catalog data analysis, campaign restructuring, and A/B tested offers; built weekly SQL + Excel dashboards tracking CPA, ROAS, and conversion efficiency.
- Ran full-funnel paid media analysis (Search, Shopping, Social) and translated data findings into budget reallocation and creative strategy for founder decision-making.

PROJECTS

SwipeHire

- Built AI job-matching MVP; set up full analytics stack (GA4, GTM, funnel dashboards) from scratch, ran A/B experiments on registration flows, and modeled CAC/LTV estimates to size channel opportunities.

Optimal Pricing Prediction Model

- Built R-based regression models with 10-fold cross-validation to forecast demand and identify profit-maximizing scenarios across product feature combinations.

EDUCATION

MS in Marketing Analytics

Dec 2024

Simon Business School, University of Rochester

Relevant Coursework: Consumer Behavior, Data Management & Visualization, Pricing Policies, Advanced Pricing, Pricing Analytics.

Teaching Assistant: Digital Marketing Strategy & Economics and Marketing Strategy

Project Manager: Led team of 5 on Pro-Bono Consulting Project for Safran -- GTM Market expansion.

BE in Mechanical Engineering

May 2020

Birla Institute of Technology & Science (BITS), Pilani
