SUMMARY

Product marketer with 4+ years across B2B industrial, AI/SaaS, and D2C, plus an MS in Marketing Analytics from Simon (University of Rochester). I led go-to-market for new sensing products at Sensata that drove **\$2M+** in first-year revenue, and I turn technical products into positioning, messaging, and sales enablement that moves win rates.

SKILLS

Product Marketing: GTM Strategy, Positioning & Messaging, Value Proposition, Competitive Intelligence, Sales Enablement (decks, case studies, battlecards), Product Launch, Win/Loss Analysis

Research & Insights: Customer Interviews (30+), Segmentation, Persona Development, Market Sizing, Pricing Sensitivity, Voice of Customer

Analytics & Tools: GA4, SQL, Power BI, Tableau, Salesforce, HubSpot, Pardot, Adobe Analytics, A/B Testing, Excel (advanced)

EXPERIENCE

Strategic Marketing - Applied Materials

Jun 2026 - Present

- Own go-to-market and positioning strategy for semiconductor equipment products, keeping the message consistent across product, sales, and field teams.
- Build the market and competitive intelligence that shapes roadmap priorities, segmentation, and pricing for new process technologies.
- Partner with product and business units on launch plans and enablement content, turning technical roadmaps into customer-facing narratives.

Product Marketing Lead - Sensata Technologies

Sep 2024 - Apr 2026

- Led go-to-market for new industrial sensing products across North America and Europe, owning launch, pricing, and channel strategy to generate **\$2M+** in first-year revenue.
- Rewrote positioning and messaging so technical sensor specs read as customer value, lifting conversion **15%**.
- Interviewed **30+ OEMs and distributors** and fed what I heard back into the roadmap, raising customer satisfaction **22%**.
- Equipped **50+ reps** with decks, case studies, and battlecards, and win rates climbed **30%**.
- Benchmarked **10+ competitors** to find pricing and feature gaps, work that helped grow market share **8%**.
- Ran launch campaigns across email and paid channels that generated **+35% qualified leads** and lifted product adoption.
- Analyzed usage across **50K+ industrial devices** with SQL and GA4, spotting adoption trends that lifted feature uptake **18%** and set the KPI framework for product performance.
- Defined the product roadmap for sensing solutions in automotive and industrial segments, prioritizing high-growth bets that added **12% YoY** revenue.

Product Marketing Intern - Sensata Technologies

Jul 2024 - Aug 2024

- Mapped competitor and distributor networks across the US and EU, surfacing openings that sharpened our distribution strategy.

Digital Marketing Manager - Plug Power

Oct 2022 - Jul 2023

- Rolled out the Mar-Tech stack (Salesforce, Adobe Analytics, GA, GTM) so the team could make faster go-to-market calls with cleaner attribution.
- Cut CPA **25%** and pushed conversion up **20%** through steady A/B testing on Paid Search and Paid Social.
- Built audience segments and retargeting workflows from CRM data, turning customer insights into sharper messaging across product lines.

Customer Success Manager (AI Platform) - Pixis

Jul 2021 - Sep 2022

- Ran an **8-person team** against a **\$1.4M** budget and cut client churn **50%** by reworking channel mix and positioning.
- Turned around a leading fashion brand's ROAS, **3x** in a single month.
- Produced client-facing proof points, performance decks, and adoption case studies that drove renewals across the book of business.

Senior Digital Marketing Analyst - GenY Medium

Jan 2020 - Jun 2021

- Delivered **16x ROAS** for a D2C brand by tightening Google Merchant Center and Meta catalog feeds.
- Built weekly performance dashboards that informed founder-level budget and strategy calls.

PROJECTS

Safran GTM Market Expansion (Consulting)

- Led a **5-person consulting team**: built TAM/SAM market sizing, developed customer personas across 4 verticals, and presented a GTM market-expansion strategy to Safran leadership.
- Analyzed **150+ target facilities** and **10+ competitors** to size the opportunity and recommend positioning for 3 B2B product lines.

SwipeHire

- Built an AI job-matching platform from zero-to-one: defined the ICP, ran a competitor teardown, crafted positioning and role-fit messaging, and onboarded **50+ early users**.
