

ADHITHYA ROKHITH BHASKAR

Marketing Science | Causal Inference, Incrementality, Attribution Modeling | MS Marketing Analytics

Boston, MA | +1 (929) 563-9974 | arokhith@gmail.com | [LinkedIn](#) | [Portfolio](#)

SUMMARY

Marketing measurement practitioner with a quantitative MS (Simon Business School) and hands-on experience building advertiser-grade attribution and incrementality systems. Rebuilt closed-loop attribution from ad click to SQL at Plug Power on Salesforce, Adobe Analytics, GA4, and GTM (**-25% CPA, +20% conversion**). Validated **3x ROAS lift** at Pixis via holdout incrementality tests. Built executive Power BI dashboards at Sensata on **50K+ connected devices** and a **\$627M** margin-recovery program across 1,200 records. R-based regression for demand elasticity. Comfortable translating causal inference and statistical methodologies into decision frameworks for technical and non-technical audiences.

SKILLS

Measurement Science: Causal Inference, Incrementality & Lift Testing, Holdout Methodology, Geo Experimentation, Multi-Touch Attribution (MTA), Closed-Loop Attribution, Marketing Mix Modeling Adjacent (Demand Elasticity Regression), A/B and Multivariate Testing, KPI Frameworks, Privacy-Forward Measurement

Analytical Stack: SQL, Python (pandas, numpy), R (regression, hypothesis testing, cross-validation), Power BI, Tableau, GA4, Google Tag Manager, Adobe Analytics, Adobe Audience Manager, Salesforce, Excel (advanced)

Advertiser-Side Measurement Build: UTM Spec & Governance, Lead Routing, Suppression Logic, Cohort Analysis, Funnel Attribution, Creative-Variant Diagnostics, Reporting Cadence Design, Executive Dashboard Build

Translation & Communication: Statistical Concepts to Decision Frameworks, Technical to Non-Technical Audiences, Executive Reporting, Methodology Documentation, Cross-Functional Partnership (Product, Engineering, Finance, Sales)

EXPERIENCE

Digital Marketing Manager, Plug Power

Oct 2022 to Jul 2023

- Rebuilt **closed-loop attribution** from ad click to SQL on Salesforce, Adobe Analytics, GA4, and GTM: wrote the UTM spec, rebuilt GTM containers, validated lead routing into Salesforce campaign attribution; **-25% CPA** and **+20% conversion**.
- Designed measurement frameworks across paid search, paid social, programmatic display, email, and organic; ran A/B and multivariate tests on keywords, audiences, and creative.
- Built audience segments, retargeting funnels, and suppression-list logic in Adobe Audience Manager; designed lift-testing methodology for net-new MQL evaluation.
- Coordinated a 4-vendor MarTech RFP and rollout; designed measurement governance documentation for 6 internal stakeholders across sales, ops, and engineering.

Customer Success Manager, Pixis (AI Marketing Platform)

Jul 2021 to Sep 2022

- Validated **3x ROAS lift** for a leading fashion partner via **holdout incrementality testing**; reconciled aggregate ROAS with creative-variant diagnostics to surface fatigue masked by blended metrics.
- Designed measurement playbooks for an **8-client B2B SaaS portfolio** on a **\$1.4M** budget; documented metric definitions, lift-test cadence, and reporting standards in writing.
- Cut client churn **50%** via per-client KPI design and renewal-aligned scorecards.

Growth & Product Marketing, Sensata Technologies

Sep 2024 to Present

- Built a **KPI framework** in SQL and GA4 across **50K+ connected devices**; weekly executive Power BI cadence lifted feature adoption **18%**.
- Designed and presented a **\$627M** margin-recovery executive dashboard tracking **1,200 opportunities** across 3 regions, 4 product families, and 20 product lines (bleeders vs leakers, regional scorecards, win-rate analytics).
- Ran 30+ structured customer interviews; translated qualitative voice-of-customer into experimentation hypotheses and measurement frameworks.

Senior Digital Marketing Analyst, GenY Medium

Jan 2020 to Jun 2021

- Delivered **16x ROAS** for a D2C brand by rebuilding Google Merchant Center and Meta catalog feeds; designed weekly performance dashboards informing budget reallocation and creative testing roadmaps.

PROJECTS

Optimal Pricing Prediction Model (R)

- Built **R-based regression models** to forecast demand elasticity and identify profit-maximizing price points across product feature scenarios; econometric modeling adjacent to MMM.

SwipeHire (AI Product + Experimentation)

- Built an AI product end-to-end (Python, OpenAI API, React): GA4 + GTM event tracking from day one, **8+ A/B tests**, **+25% activation**, weekly retention cohort analysis informing roadmap.

EDUCATION

MS in Marketing Analytics

Simon Business School, University of Rochester

Relevant Coursework: Pricing Analytics, Advanced Pricing, Data Management & Visualization, Consumer Behavior, Pricing Policies.

Teaching Assistant: Digital Marketing Strategy & Economics and Marketing Strategy

BE in Mechanical Engineering

Birla Institute of Technology & Science (BITS), Pilani

CERTIFICATIONS

Claude Certifications (Claude 101, Claude Code 101, Claude Cowork, Building with Claude API) | Advanced Pricing | Google Search & Shopping Ads | SA360 | HubSpot | Digital Marketing (London Business School)
