Digital Marketing Manager, Plug Power

Oct 2022 to Jul 2023

- Built the MarTech function from scratch** on HubSpot + Salesforce + Adobe + GA4 + GTM: UTM spec written from zero, GTM containers rebuilt, sequences + pipelines + lifecycle stages + account-level behavioral segmentation architected in HubSpot - the literal "audit GTM workflows + identify automation opportunities" criterion at production scale.

- Coordinated a **4-vendor MarTech RFP + rollout**: aligned 6 internal stakeholders, negotiated Procurement terms, documented SLAs - cross-functional integration work directly analogous to the Hightouch RevOps + Systems partnership.
- Built **account-level audience segments + retargeting funnels** in Adobe Audience Manager, lifting MQL-to-SQL conversion across priority product lines.

Customer Success Manager, Pixis (AI Marketing Platform)

Jul 2021 to Sep 2022

- Ran an **8-client D2C consumer book** with per-client monthly media budgets of **\$15K-\$90K** across Google, Meta, Criteo retail-media, Amazon Ads, and programmatic - embedded with each client's sales, marketing, and CS leads (the RevOps embed pattern).
- Restructured attribution for a leading beauty brand via holdout-incrementality testing, drove **3x ROAS in one month**; cut book-wide client churn **50%** through renewal-aligned playbooks.

Senior Digital Marketing Analyst, GenY Medium

Jan 2020 to Jun 2021

- Delivered **16x ROAS** for a D2C consumer brand by rebuilding Google Merchant Center and Meta catalog feeds; built founder-facing dashboards (pacing, CAC by channel, ROAS by SKU) that drove budget reallocation across paid search, social, and display.
