Hiring Team, a0.dev,

The Brand and Content Lead role at a0.dev wants someone who can build brand from zero, ship multi-format content at weekly cadence, and speak the AI-builder language natively. I have built exactly that for my own AI product.

Built a brand from zero for an AI tool:

- Founded **SwipeHire** on Python + OpenAI API + React (app.swipehire.io). Owned voice, tone, positioning, 5+ landing page variants by ICP, founder-led LinkedIn + X content (12+ posts), and a referral loop driving 60% of net-new signups. 50+ users, +25% activation, zero paid budget.

Translated technical complexity into VP-ready content at scale:

- **Sensata:** sales enablement library used by 50+ reps lifted win rates 30%. Wrote product launch content (hero pages, demos, case studies, announcements) for \$2M+ first-year GTM across NA + EU.
- **Plug Power:** coordinated 3 industry conferences and 6+ webinars; wrote product announcements, case studies, and long-form web content. Shipped SEO + AEO/GEO so the brand surfaced in ChatGPT and Claude buyer queries.

AI-builder fluency: SwipeHire repo is on Python + OpenAI API + React. 4 Anthropic Claude certifications (Claude 101, Code, Cowork, Building with Claude API). I do not just write about AI - I have shipped it and marketed it.

The contract-to-hire SF on-site cadence works. Boston-based, ready to relocate.

Looking forward to talking.
