- Built the company's **CRM, CPQ and deal-approval process** from zero, the same tracker-and-SOP discipline a founder's office runs on daily.
- Runs **PriceKeel** end to end as a one-person founder's office, owning product, pilots and the investor narrative with no one else to hand an ambiguous problem to.
- Converts **investor and customer signal** into the next product and fundraising decision, closing each open thread without waiting to be told how.

**Strategic Marketing III, Applied Materials** Jun 2026 - Present

- Turns scattered input from **Sales, Engineering and Accounts** into one market-sizing view leadership can act on.
- Builds **competitive, value-based pricing models** that forecast market inflection points across multiple product groups.
- Carries **P&L and revenue targets** while running the OKR cadence and leadership decks behind weekly and quarterly business reviews.
- Automates repetitive research and analysis with **AI agents built on Claude**, freeing time for the calls a dashboard cannot make.

- Raised **distributor margins 53% to 61%** in under 2 quarters by repricing parts sold through distribution, keeping vendor follow-ups unblocked through the cycle.
- Shaped **AP26 revenue models** and site-transition strategy directly with senior executives, building the leadership decks and OKR reviews behind each call; promoted to Pricing Lead in 10 months.
