EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Founded **PriceKeel**, a decision-integrity layer for B2B SaaS deal pricing that flags a discount exception and evaluates contract risk inside the deal platform before a deal closes, the same pre-signature review a Deal Desk owns.
- Built the **audit trail** that records the human pricing decision with evidence Finance can audit, the same booking confidence this role gives Finance, Tax and Legal on every deal.
- Set up and run the company's **CRM and CPQ**, forecast and pipeline reviews, and deal approvals end to end, owning the Quote-to-Cash process the way this role owns it for Instacart's Sales org.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Shaped **competitive, value-based pricing** for a fast-growing semiconductor market, forecasting its inflection points so deal structure keeps pace with demand.
- Automated repetitive analysis work with **AI agents built on Claude**, the same use of AI solutions to enhance workflows this role asks for in its Quote-to-Cash process.
- Carries **P&L and revenue targets** while building forecasting and market-sizing models, partnering across Sales, Engineering and Accounts the way this role partners across Sales, Finance, Tax and Legal.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Reviewed **multimillion-dollar customer quotes and AP26 revenue models** with senior executives, reading each contract for risk and approving terms before signature.
- Recovered **$700K+ in margin in 2 quarters** leading the Bleeders & Leakers program, negotiations built on competitive gaps and customer willingness to pay, the deal-velocity discipline that keeps approvals fast and correct.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution, then documenting the new terms for governance review.
- Launched the **FY2026 Bleeders & Leakers Power BI dashboard**: 1,200 pricing opportunities against a $627M target across 3 regions, 4 product families and 20 product lines, surfacing $433M in margin gaps for leadership, the scalable-program ownership this role gives new pricing models from kickoff.
- Drove **+12% YoY revenue and +8% market share** via price realignment informed by competitive benchmarking across 10+ key players.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe, including pricing and channel structuring, driving $2M+ first-year revenue.
- Ran **30+ customer interviews** with OEMs and distributors, the same sales-and-vendor communication this role runs before a deal structure locks.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Presented **marketing budgets of $100K/month** across multiple business units to leadership for approval, building the plans and forecasts behind each one.
- Automated the **Mar-Tech stack** (Salesforce, Adobe Analytics, GA, Google Tag Manager), keeping CRM records clean the way a Quote-to-Cash process depends on clean Salesforce data.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Carried **P&L and revenue targets** managing an 8-person team across 8 client accounts with per-client budgets of $15K-$90K/month, cutting client churn 50% through proactive account strategy.
- Coordinated budget and contract approvals across **sales and outside vendor teams** for every client account, the same cross-team communication this role runs alongside Sales.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Delivered **16x ROAS** for D2C e-commerce brands by rebuilding Google Merchant Center and Meta catalog feeds.
- Lifted a B2B e-commerce startup's **conversion rate 36% and revenue 25%** via database audits catching data-quality issues early.

PROJECTS

Optimal Pricing Prediction Model

- Developed **R-based pricing optimization models** using linear regression to forecast demand elasticity and identify profit-maximizing price points across deal scenarios, the same scenario-level analysis this role runs before a deal's pricing and discount structure gets approved.
