EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Founded PriceKeel, a **decision-integrity layer for B2B SaaS deal pricing**, standing up deal desk and quote-to-cash: deal structure, discount approvals, and the handoff from closed-won to billed.
- Run the company's own **CRM, CPQ, forecast and pipeline reviews**, the GTM systems and process built in code and versioned in a repo rather than clicked together in setup.
- Own the **audit trail** that records every pricing decision with evidence Finance can audit, the founding-ops documentation discipline needed before a revenue team scales past one person.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Build **forecasting and market-sizing models** across multiple technical product groups, carrying P&L and revenue targets for the semiconductor market.
- Automate repetitive revenue analysis with **AI agents built on Claude**, bringing AI into the core of ops instead of running it as a side project.
- Run the **operating cadence**: leadership decks, OKRs, and weekly and quarterly business reviews that connect operational detail to the revenue number.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Led **global pricing strategy** for the Industrial BU (a multi-$100M business), building the Bleeders & Leakers Power BI pipeline: 1,200 opportunities against a $627M target, with win rate, stage distribution and $/win by salesperson.
- Recovered **$700K+ in margin in 2 quarters** running Bleeders & Leakers end to end, closing deals flagged by competitive gaps and documented customer willingness to pay.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution.
- Shaped **AP26 revenue models** and multimillion-dollar customer quotes alongside senior executives, turning pipeline detail into numbers leadership acted on.
- Drove **+12% YoY revenue** and +8% market share via price realignment benchmarked across 10+ key players; promoted from Product & Growth Marketing to Pricing Lead in 10 months.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe (positioning, pricing, channel, launch), driving $2M+ first-year revenue.

- Tied **SEM to MQL quality** and stage 1 opportunities across 50+ inbound campaigns; hired and managed the marketing team alongside weekly and quarterly OKRs.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Hired and managed an **8-person team running 8 clients** ($15K-$90K/month per client), carrying P&L and revenue targets and cutting client churn 50%.
