SUMMARY

Product builder who turns scattered internal tooling into one coherent platform the teams depending on it can actually adopt. Owned the sensing-product roadmap and a 100+ feature backlog at Sensata (releases 25% faster, time-to-market cut 20%), grounded in 30+ customer interviews and KPI frameworks instrumented in SQL and GA4 across 50K+ connected devices. Set pricing, packaging and commercial terms for Sensata's Industrial business unit, the same discovery-to-commercialization judgment a platform moving from internal tool to external product needs. Strategic Marketing III at Applied Materials today, automating recurring analysis with AI agents built on Claude. MS in Marketing Analytics (STEM), Simon Business School.

EXPERIENCE

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Sizes the **semiconductor market** with Sales, Engineering and Accounts, turning technical input and real workflows from multiple product groups into one market view and making explicit tradeoffs about what belongs in the common view.
- Builds **forecasting and market sizing models** across multiple product groups, deciding what shared capabilities to build once and reuse, and what stays program-specific.
- Automates recurring analysis with **AI agents built on Claude**, carries P&L and revenue targets, and builds leadership decks running OKRs with weekly and quarterly business reviews.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Led **global pricing strategy** for the Industrial BU across multiple product lines, carrying P&L and revenue targets and deciding what commercial terms generalized versus what stayed deal-specific.
- Recovered **$700K+ in margin in 2 quarters** via the Bleeders & Leakers program and raised distributor margins from 53% to 61%, the commercialization judgment a platform's external packaging and go-to-market terms need.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned the **product roadmap** for new sensing products, managing a 100+ feature backlog in Agile across 3 regions and deciding what shipped as a reusable shared capability versus what stayed program-specific, accelerating releases 25% and cutting time-to-market 20%.
- Ran **30+ customer interviews** with OEMs and distributors before committing to a product bet, investigating real workflows and workarounds and tracing each decision back to the evidence behind it, lifting CSAT 22%.
- Defined **data-quality KPI frameworks in SQL and GA4** across 50K+ connected devices and their APIs, isolating the onboarding and adoption signals that separated activated accounts from stalled ones and lifting feature adoption 18%.
- Drove **GTM for new sensing products** across North America and Europe (positioning, pricing, channel, launch), driving $2M+ first-year revenue, the discovery-to-commercialization handoff an external product roadmap needs.
- Built **sales enablement** (decks, case studies) for 50+ reps and ran competitor and customer analysis across EMEA and the US, improving win rates 30%.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Directed **$100K/month marketing budgets** across multiple business units, building the forecasts and plans presented to leadership for data-backed approval.
- Automated the **Mar-Tech stack** (Salesforce, Adobe Analytics, GA, Google Tag Manager) for closed-loop reporting, cutting wasted spend 15%.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Hired and managed an **8-person team** running 8 clients at $15K-$90K/month per client, carrying P&L and revenue targets and deciding which channels and vendors earned continued spend.
- Fed **voice of customer** back to product and built leadership decks running OKRs with weekly and quarterly business reviews.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Audited **databases and dashboards**, improving data accessibility 30%, the same direct-data-interrogation habit this role asks for over waiting on someone else's analysis.
- Lifted a **B2B e-commerce startup's conversion rate 36%** and revenue 25% by closing gaps its signup-to-purchase funnel exposed.

PROJECTS

SwipeHire

- Shipped an **AI job-matching platform** zero-to-one: wrote the PRD, scoped the MVP, shipped auto-tailored resumes and eligibility-aware matching, and owned the GA4 analytics stack that lifted activation 25% across 50+ early users, the same discovery-to-launch ownership this role's external product work needs.
