Founder & CEO, PriceKeel May 2026 - Present

- Founded and runs **PriceKeel** in a high-ownership, founder-facing seat, owning strategy, product and fundraising for a B2B SaaS pricing company with no existing playbook to copy.
- Coordinates **investor relations and fundraising** across the company's first round, preparing the investor updates and board-ready materials the round depends on.
- Built the **CRM, CPQ and deal-approval process** and the SQL-backed audit trail from zero, the kind of process optimization a founder's office is expected to own end to end.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Turns **Sales, Engineering and Accounts** input into one market-sizing view, the same cross-department coordination problem a founder's office solves across functions with no shared owner.
- Runs **market research and competitive analysis** that surface new revenue opportunities in a fast-growing semiconductor segment before they reach a leadership deck.
- Carries **P&L and revenue targets** while running the OKR cadence, leadership decks and performance-metrics reviews behind weekly and quarterly business reviews.
- Automates repetitive analysis with **AI agents built on Claude**, cutting manual synthesis time out of a recurring reporting cycle.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Shaped **AP26 revenue models and site-transition strategy** directly with senior executives for the Industrial BU, a multi-$100M business, carrying P&L and revenue targets.
- Built the **FY2026 Bleeders and Leakers Power BI dashboard** to solve a scattered pricing problem end to end, surfacing 1,200 opportunities against a $627M target across 3 regions and 20 product lines.
- Recovered **$700K+ in margin in 2 quarters** negotiating directly on competitive gaps and customer willingness to pay, raising distributor and channel-partner margins from 53% to 61%.
- Ran **OKRs and leadership decks** across weekly and quarterly business reviews; promoted from Product & Growth Marketing to Pricing Lead in 10 months.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe (positioning, pricing, channel, launch), driving $2M+ in first-year revenue.
- Aligned a **100+ feature backlog with Engineering** in Agile across 3 regions, a cross-department coordination problem with no single owner.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Hired and managed an **8-person team running 8 D2C client accounts**, carrying P&L targets while cutting client churn 50% through proactive account strategy.
- Drove **market research and competitive analysis** across international markets and retail media (Amazon Ads, Criteo) for D2C e-commerce clients, feeding recommendations to senior management.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Delivered **16x ROAS for D2C e-commerce brands** by rebuilding Google Merchant Center and Meta catalog feeds.
