EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Is **raising PriceKeel's first round** and running **pilots with early customers**, closing the deals and partnerships a solo founder has to source and negotiate from scratch.
- Built the **CRM, CPQ and deal-approval process** from zero, structuring non-standard pricing terms directly with partners and vendors.
- Owns the **decision-integrity layer** product itself (a guardrail engine, now a margin layer), moving between strategy and execution with no clean lane.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Turns **Sales, Engineering and Accounts** input into one market-sizing view, mapping the institutions and companies that hold whitespace revenue opportunities in semiconductors.
- Builds **competitive, value-based pricing models** and forecasts market inflection points, synthesizing technical and commercial signals into one recommendation.
- Carries **P&L and revenue targets** while running the OKR cadence, leadership decks and weekly/quarterly business reviews.
- Automates repetitive analysis with **AI agents built on Claude**, cutting manual synthesis time out of a recurring reporting cycle.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Led the **Bleeders and Leakers program** end to end: turned a vague margin mandate into a $433M shortlist of 1,200 opportunities across 3 regions and 20 product lines, then closed the negotiations.
- Recovered **$700K+ in margin in 2 quarters**, structuring and negotiating non-standard distributor and channel-partner terms on competitive gaps and customer willingness to pay.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution, the same bespoke-terms negotiation the role calls for.
- Shaped **AP26 revenue models and site-transition strategy** directly with senior executives for a multi-$100M Industrial BU; promoted to Pricing Lead in 10 months.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe with no existing playbook, building positioning, pricing and channel from zero and driving $2M+ in first-year revenue.
- Ran **30+ customer interviews** with OEMs and distributors to map pain points and adoption signals, the same landscape-mapping a new data vertical requires.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Hired and managed **marketing team members**, then built the plans and forecasts presented to the leadership team for budget approval.
- Owned **$100K/month in marketing budgets** across multiple business units, negotiating directly with vendors and tying spend to measured performance.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Hired and managed an **8-person team running 8 client accounts**, carrying P&L targets while cutting client churn 50% through proactive account strategy.
- Closed deals and built leadership decks, running **OKRs with weekly and quarterly business reviews** and reporting recommendations to senior management.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Acted as the main **liaison across regional marketing, localization and analytics teams**, the cross-functional closing-the-loop work a vertical lead owns alone.

PROJECTS

SwipeHire

- Shipped an **AI job-matching platform** zero-to-one (Python, OpenAI API, React), hiring and managing the team that got it to 50+ early users.
- Ran **board decks and OKR reviews** (weekly and quarterly) while defining ICP, positioning and GTM from competitor teardowns.

Safran Market Sizing & GTM (Simon Vision Consulting)

- Led a **5-consultant team** sizing a market from 170 facilities to a SAM of 28 across 4 verticals, then presented the market-entry recommendation to Safran leadership.
