SUMMARY

Product marketer who builds **account-level industry plays**, not generic campaigns. At Sensata, that play was a global sensing-product GTM launch driving **$2M+ first-year revenue** and +35% qualified leads, backed by a sales-enablement kit that lifted win rates 30% for 50+ reps. Builds **pipeline-impact dashboards** in Power BI (funnel stage, win rate, regional scorecards across 3 regions and 20 product lines) that measure pipeline impact, and SQL+GA4 engagement-signal workflows that flag high-intent account cohorts ahead of the sales team, partnering with regional marketing and sales to plan each priority-account play. Automates recurring campaign and market analysis through responsible use of artificial-intelligence agents built on Claude as Strategic Marketing III at Applied Materials; MS in Marketing Analytics from Simon Business School.
