SUMMARY

Founder and operator who acts as a **force multiplier** for a CEO's agenda, not inside one fixed lane. Runs PriceKeel (B2B SaaS deal pricing, in pilots and raising its first round) end to end while carrying P&L and revenue targets as Strategic Marketing III at Applied Materials. Has already owned a CEO-level operating rhythm: built the investor narrative and audit trail behind PriceKeel's first fundraising round, partnered with senior executives on AP26 revenue models and multimillion-dollar customer quotes at Sensata, and run leadership decks and OKRs with weekly and quarterly business reviews across every role. Automates repetitive analysis with **AI agents built on Claude**.

EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Founded **PriceKeel**, a decision-integrity layer for B2B SaaS deal pricing, and own the company's full operating rhythm myself: CRM/CPQ, forecast and pipeline reviews, and deal approvals, the exact cadence a CEO's office at a fast-growing startup expects someone else to run.
- Shaped the **investor narrative and audit trail** behind the company's first fundraising round, turning open-ended questions from investors and other external stakeholders into board-ready materials.
- Running **pilots with early customers** while raising that round, the single point of accountability across product, customers and investors with no team to hand work to.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Partner directly with **Sales, Engineering and Accounts** to turn ambiguous field input into one view of a fast-growing semiconductor market, the cross-functional execution a CEO's office runs on daily.
- Carry **P&L and revenue targets** for the role, building the leadership decks and running OKRs with weekly and quarterly business reviews that drive key priorities and keep blockers visible.
- Produce **forecasting and market-sizing models** across multiple product groups, synthesizing data into the recommendations leadership acts on.
- Automate repetitive analysis with **AI agents built on Claude**, freeing time for the judgment calls that will not automate.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Shaped **AP26 revenue models** and site-transition strategy with senior executives for the Industrial BU (a multi-$100M business), the high-stakes briefing materials and presentations a board or an investor would review.
- Owned **leadership decks** and the OKR cadence (weekly and quarterly business reviews), the operating rhythm a Chief of Staff is expected to run for a CEO.
- Recovered **$700K+ in margin in 2 quarters** leading the Bleeders and Leakers program end to end: sized the margin shortfall, built the negotiation case, and reported outcomes back to leadership.
- **Promoted to Pricing Lead** from Product and Growth Marketing in 10 months, taking on P&L ownership and executive-facing work ahead of the standard track.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe: positioning, pricing, channel and launch, driving $2M+ first-year revenue.
- Led the cross-functional **product roadmap** across 3 regions, managing a 100+ feature backlog with Engineering and clearing blockers across teams.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Grew and managed the **marketing team** while owning $100K/month budgets across multiple business units, building the plans and forecasts presented to the leadership team for approval.
- Automated the **WordPress and Pardot** lead flow and the broader Mar-Tech stack, closing an operational gap in reporting as the business scaled.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Hired and managed an **8-person team** running 8 client accounts with per-client budgets of $15K-$90K/month, carrying P&L targets and cutting client churn 50%.
- Ran **leadership decks** and OKRs with weekly and quarterly business reviews, reporting recommendations directly to senior management.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Acted as the **main liaison** between regional marketing managers, localization and analytics teams, resolving cross-functional handoffs with no formal authority over any of them.

PROJECTS
