ADHITHYA ROKHITH BHASKAR

Business Operations & Analytics | SQL/Python Decision Support, Market Sizing, Cross-Functional Strategy

San Francisco Bay Area, CA | +1-929-563-9974 | arokhith@gmail.com | LinkedIn | Portfolio

SUMMARY

Analytically strong operator who turns questions into **data insights and decisions**, from Sensata's $627M margin program to Applied Materials' semiconductor market sizing. Comfortable in SQL and Python, runs cross-functional analyses and experiments end to end across growth, product and finance, and automates the repetitive parts with Claude AI agents so the judgment calls get the hours.

SKILLS

Strategy & Business Operations: Market Sizing (TAM/SAM/SOM), Competitive Intelligence, Market Research, Analytical Rigor, First-Principles Problem Structuring, Experiment Design, Hypothesis-Driven Analysis, Segmentation, Cross-Functional Partnerships
Analytics: SQL, Python (pandas, NumPy), R, A/B & Multivariate Testing, Regression, Cohort & Funnel Analysis, Power BI, Tableau, Excel (advanced)
Pricing & Monetization: Value-Based Pricing, Margin Recovery, Competitive Benchmarking, Deal Economics
Leadership & Operating: P&L and Revenue Targets, Leadership Decks, Operating Cadence (OKRs, Weekly/Quarterly Reviews), AI Agents (Claude)

EXPERIENCE

Strategic Marketing III, Applied Materials Jun 2026 - Present

- **Own market sizing end-to-end** for a fast-growing semiconductor segment, partnering with Sales, Engineering and Accounts to turn field and technical input into the single view leadership uses to decide where to invest.
- **Build forecasting and pricing models** across multiple product groups, defining the metrics and running the analyses that tell leadership when a market is about to inflect.
- **Automate repetitive analysis work with AI agents built on Claude**, freeing hours for the judgment calls a first-principles breakdown actually needs.
- **Carry P&L and revenue targets** for the role, building the leadership decks and running the weekly and quarterly business reviews that turn numbers into decisions with measurable business impact.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- **Shipped the Bleeders and Leakers dashboard**, segmenting 1,200 pricing opportunities against a $627M target across 3 regions, 4 product families and 20 product lines, surfacing $433M in margin gaps for leadership to prioritize by salesperson and product line.
- **Recovered $700K+ in margin in 2 quarters** running the Bleeders and Leakers program: negotiations built on competitive gaps and customer willingness-to-pay data, not gut calls.
- **Drove +12% YoY revenue and +8% market share** through price realignment informed by competitive benchmarking across 10+ key players, partnering with senior executives on AP26 revenue models and customer quotes.
- **Built a BU-wide Power BI price-increase model** flagging line items where a price change could lift profitability more than 50%, the same structured-hypothesis-to-decision loop this role runs on.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- **Designed KPI frameworks in SQL and GA4** across 50K+ connected industrial devices, identifying the high-intent cohorts and adoption signals that lifted feature adoption 18%.
- **Ran 30+ customer interviews** with OEMs and distributors to pressure-test hypotheses before building anything, then used the findings to reshape the product roadmap and lift CSAT 22%.
- **Owned GTM for new sensing products** across North America and Europe end to end, from positioning through channel and launch, driving $2M+ in first-year revenue.

Product Marketing Intern, Sensata Technologies Jul 2024 - Aug 2024

- **Analyzed the top three competitors'** products, promotions and positioning and built Power BI dashboards that turned the research into distribution-strategy recommendations for leadership.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- **Owned $100K/month marketing budgets** across multiple business units, building the forecasts and presenting the recommendations that leadership approved.
- **Designed and ran 15+ A/B tests** across paid channels, automating the Mar-Tech stack (Salesforce, Adobe Analytics, GA, Google Tag Manager) for closed-loop reporting that cut CPA 25%.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- **Hired and managed an 8-person team** running 8 client accounts with per-client budgets of $15K-$90K/month, carrying P&L and revenue targets end-to-end.
- **Cut client churn 50%** by diagnosing the real driver behind each account's risk first, then building the account strategy and playbooks that fixed it.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- **Ran database audits and built dashboards** that raised data accessibility 30%, while delivering 16x ROAS for D2C brands by rebuilding Google Merchant Center and Meta catalog feeds.

PROJECTS

Safran Market Sizing & GTM (Simon Vision Consulting)

- **Broke an ambiguous market-entry question** into a structured TAM/SAM/SOM model, taking 170 facilities down to a serviceable market of 28 across 4 verticals, leading a 5-consultant team through the analysis.
- **Analyzed 150+ target facilities and 10+ competitors**, structuring the pricing and market-entry recommendation that was presented directly to Safran's leadership team.
