SUMMARY

Founder and operator who builds the **process and the dashboard** a team runs on, not just the slide that describes it. At PriceKeel I built the investor pipeline and data room raising the first round myself; at Sensata I turned 1,200 scattered pricing calls into a **$627M-target Power BI dashboard** that recovered $700K+ in margin in two quarters; and at Pixis I rebuilt the account playbooks that cut client churn 50% across 8 D2C accounts. Carries P&L and revenue targets as Strategic Marketing III at Applied Materials, where **AI agents built on Claude** take the repetitive analysis off my plate.

EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Founded **PriceKeel**, running special projects across fundraising, product and hiring as the sole operator: built the **investor pipeline and data room** and pitched the first round personally.
- Stood up the **CRM/CPQ workflows, forecast and pipeline reviews, and deal-approval process** from zero, turning ad hoc pricing calls into a system with an audit trail Finance can trust.
- Runs every pilot and investor conversation as the **sole operator**, carrying each decision end to end with the discretion and speed this kind of seat asks for.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Turns scattered input from **Sales, Engineering and Accounts** into one semiconductor market-sizing view, the cross-functional research a founder's office runs on.
- Owns the **OKR cadence and leadership decks** behind weekly and quarterly business reviews, the board-report rhythm this role asks for.
- Carries **P&L and revenue targets** for the role, turning raw numbers into the financial and operational analysis leadership decides from.
- Automates repetitive analysis work with **AI agents built on Claude**, freeing time for the next special project.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Drove **AP26 revenue models** and site-transition strategy with senior executives for the Industrial BU, a multi-$100M business, carrying P&L and revenue targets.
- Built the **FY2026 Bleeders and Leakers Power BI dashboard**, scoring 1,200 pricing opportunities against a $627M target across 3 regions and 20 product lines, surfacing **$433M in margin gaps** as board-ready information for leadership to prioritize.
- Recovered **$700K+ in margin in two quarters** by turning that dashboard into a negotiated outcome with distributors and channel partners, not a report that sat in a folder.
- Ran leadership decks and the **OKR cadence** behind weekly and quarterly business reviews, then was promoted from Product and Growth Marketing to Pricing Lead in 10 months.
