EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Operates the company's **CRM and CPQ** end to end, running forecast and pipeline reviews and deal approvals the way a quote-to-cash owner carries the full cycle without a safety net.
- Built the **audit trail** that gives Finance documented evidence for every pricing call, the same data-hygiene and process-documentation discipline a growing deal pipeline depends on.
- Designed a **guardrail engine** that scores discount exceptions against logic learned from a company's own closed-won and closed-lost deals, the workflow-automation habit a Salesforce-heavy revenue seat rewards.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Builds **forecasting and market-sizing models** across multiple product groups, partnering with Sales, Engineering and Accounts to turn field input into one forecast instead of three competing ones.
- Automates repetitive **revenue analysis** with AI agents built on Claude, the exact AI-tool comfort this posting calls for in a team already comfortable working alongside Claude.
- Runs **OKRs** with weekly and quarterly business reviews, carrying P&L and revenue targets for the role.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Built the FY2026 **Bleeders & Leakers Power BI dashboard**: 1,200 opportunities against a $627M target across 3 regions, 4 product families and 20 product lines, tracking win rate, avg $/win and stage distribution by salesperson, the reporting and pipeline-stage hygiene a dashboard-heavy revenue seat runs on.
- Recovered **$700K+ in margin in 2 quarters** leading the Bleeders & Leakers program, negotiating off competitive gaps and customer willingness to pay instead of a blanket discount.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters by repricing parts sold through distribution, balancing partner economics against the company's own.
- Shaped **AP26 revenue models** and multimillion-dollar customer quotes with senior executives, the non-standard deal review a quote-to-cash seat escalates.
- Drove **+12% YoY revenue and +8% market share** via price realignment benchmarked against 10+ competitors.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Created **sales enablement** (decks, case studies) for 50+ reps, improving win rates 30%, the direct rep support this seat runs for a US sales team.
- Generated **+35% qualified leads** through digital marketing and launch campaigns across email and paid channels, feeding a pipeline that still had to clear the same approval gates downstream.

- Automated the **WordPress + Pardot lead flow**, cutting cost per lead 50%, the same workflow-automation instinct this seat applies inside Salesforce flows.
- Tied **SEM performance to MQL quality and stage 1 opportunities** across 50+ inbound campaigns, the pipeline-stage data hygiene a revenue-ops dashboard depends on.
- Owned **$100K/month budgets** across multiple business units, building the plans and forecasts presented to leadership for quarterly approval.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021
