EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Set up and runs the company's **CRM and CPQ configuration**, deal approvals and forecast/pipeline reviews, the same scalable systems ownership a new BU needs before it enters a standard, accurate quoting process.
- Designed a **guardrail engine with explainable configuration logic**, learned from each company's own closed-won and closed-lost deals, to flag a discount exception before it reaches approval.
- Built the **audit trail** that gives Finance evidence-backed documentation behind every pricing decision, the same version-controlled governance trail this role keeps on quoting logic and configuration assumptions.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Sizes the **semiconductor market** in partnership with Sales, Engineering and Accounts, turning field and technical input into one view through clear cross-functional communication across Product, Finance and IT.
- Develops **forecasting and market-sizing models** across multiple product groups, the same configuration-logic discipline an evolving, global product launch needs before it enters a standard process.
- Automates repetitive analysis work with **AI agents built on Claude**, carrying P&L and revenue targets across a fast-moving product portfolio.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Delivered a **dynamic, logic-driven Power BI dashboard** tracking 1,200 pricing opportunities against a $627M target across 3 regions, 4 product families and 20 product lines, surfacing $433M in margin gaps by product line.
- Raised **distributor and channel-partner margins from 53% to 61%** in under 2 quarters by rebuilding the discount and configuration logic behind parts sold through regional distribution.
- Reworked **complex pricing and approval logic** inside the Bleeders and Leakers program, recovering $700K+ in margin in 2 quarters through deal-by-deal quote review and documentation.
- Shaped **AP26 revenue models and multimillion-dollar customer quotes** with senior executives, translating Finance and Sales requirements into one quoting structure through clear communication during a site-transition rollout.
- Drove **+12% YoY revenue and +8% market share**, prioritizing price realignment against a competitive benchmark of 10+ players across multiple product lines.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM integration for new sensing products** across North America and Europe, from positioning and pricing to channel rollout, driving $2M+ first-year revenue, the same new-product-to-process bridge this role runs for incoming BUs.
- Launched **sales enablement materials and training** (decks, case studies) for 50+ reps, improving win rates 30% ahead of a new product rollout.

Digital Marketing Manager, Plug Power Oct 2022 - Jul 2023

- Presented **marketing budgets of $100K/month** across multiple business units to leadership for approval, building the governance and forecast logic behind each plan.
- Streamlined the **WordPress and Pardot lead-flow automation**, cutting cost per lead 50% by rebuilding the underlying workflow logic end to end.
- Unified the **Mar-Tech stack** (Salesforce, Adobe Analytics, GA, Google Tag Manager) for closed-loop, cross-system reporting and data governance.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Carried **P&L and revenue targets** managing an 8-person team across 8 client accounts with per-client budgets of $15K-$90K/month, cutting client churn 50%.
- Kept **enterprise case studies and sales materials current**, supporting training and a 20% improvement in sales team performance.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Ran **database audits** and built reporting dashboards, improving data accessibility 30%, the same data-cleansing and normalization habit this role applies to quoting and product data.

PROJECTS

Pricing Optimization Model

- Built an **R-based pricing model** using regression to identify profit-maximizing price points across product configuration scenarios, the same configuration-logic habit this role applies across BU and regional pricing rules.
