EXPERIENCE

Founder & CEO, PriceKeel May 2026 - Present

- Founded **PriceKeel**, a decision-integrity layer for B2B SaaS deal pricing, after identifying a governance gap no CPQ tool solves, and built the business case, guardrail engine and audit trail end to end.
- Own the company's **full P&L and operating rhythm** myself: CRM/CPQ, forecast and pipeline reviews and deal approvals, the generalist range a CEO's office initiative demands before it can scale.
- Running **pilots with early customers** and raising PriceKeel's first round, researching competitive and buyer benchmarks to shape the next move.

Strategic Marketing III, Applied Materials Jun 2026 - Present

- Partner with **Sales, Engineering and Accounts** to turn scattered field and technical input into one management view of a fast-growing semiconductor market.
- Drive the **OKR cadence** with weekly and quarterly business reviews, the governance layer that surfaces the one deviation needing attention before it compounds.
- Carry **P&L and revenue targets** for the role, building forecasting and market-sizing models that track business performance across multiple product groups.
- Automate repetitive analysis work with **AI agents built on Claude**, the process-improvement and AI-enablement work a CEO's office also runs on.

Pricing Lead, Sensata Technologies Jul 2025 - May 2026

- Shaped **AP26 revenue models** and site-transition strategy, direct exposure to senior executives on a multi-$100M Industrial BU.
- Built **leadership presentations** and ran weekly/quarterly OKR reviews that kept 1,200 pricing opportunities against a $627M target visible across 3 regions.
- Headed the **Bleeders and Leakers margin program**, recovering $700K+ in margin and lifting profitability in 2 quarters.
- Promoted to **Pricing Lead** from Product and Growth Marketing in 10 months, taking on full P&L ownership ahead of the standard track.

Product & Growth Marketing, Sensata Technologies Sep 2024 - Jun 2025

- Owned **GTM for new sensing products** across North America and Europe, driving $2M+ in first-year revenue.

Customer Success Manager, Pixis (AI Platform) Jul 2021 - Sep 2022

- Hired and managed an **8-person team** running 8 client accounts on individual P&L targets, cutting client churn 50% through the account strategy I designed.
- Built **leadership decks** and ran OKRs with weekly and quarterly business reviews, reporting recommendations directly to senior management.

Senior Digital Marketing Analyst, GenY Medium Jan 2020 - Jun 2021

- Bridged **regional marketing, localization and analytics teams** as the main liaison, handling the cross-functional coordination no one had formal authority to compel.

PROJECTS

SwipeHire

- Defined the **ICP and GTM** from competitor teardowns and willingness-to-pay research, modeling 3 subscription pricing tiers before a single customer signed up.

Safran Market Sizing & GTM (Simon Vision Consulting)

- Led a **5-consultant team** benchmarking 150+ target facilities and 10+ competitors, narrowing TAM/SAM/SOM from 170 facilities to a SAM of 28 and presenting the recommendation to Safran leadership.
